# Administration

Dr. John G. Berrier, first President of Lehigh County Community College, assumed his duties September 1, 1966 with a long record of public service, and experience in the community college concept.

Harrisburg is the scene of much of Dr. Berrier's work in community betterment. There he served as a consultant for the forming of the Harrisburg Area Community College, first in Pennsylvania, and later as Academic Dean of that college. He also served as chairman of the education division of the United Fund, President of the Harrisburg Rotary Club, member of the Mayor's anti-poverty committee, and was a founder of the Harrisburg chapter of the Phi Delta Theta (a selective international honorary educational fraternity.)

Doctor Berrier received both his Bachelor of Science Degree and Doctorate in Psychology from Temple University.

President Berrier also has service as Scoutmaster and Explorer Post Advisor with the Philadelphia and Harrisburg Boy Scout chapters, and as member of the recreation, camping, and safety councils of the American Red Cross to his credit.

## REFLECTIONS

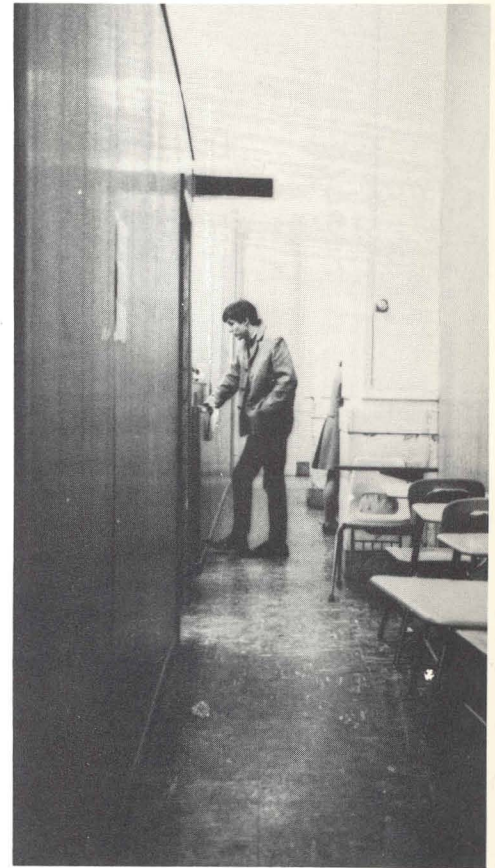

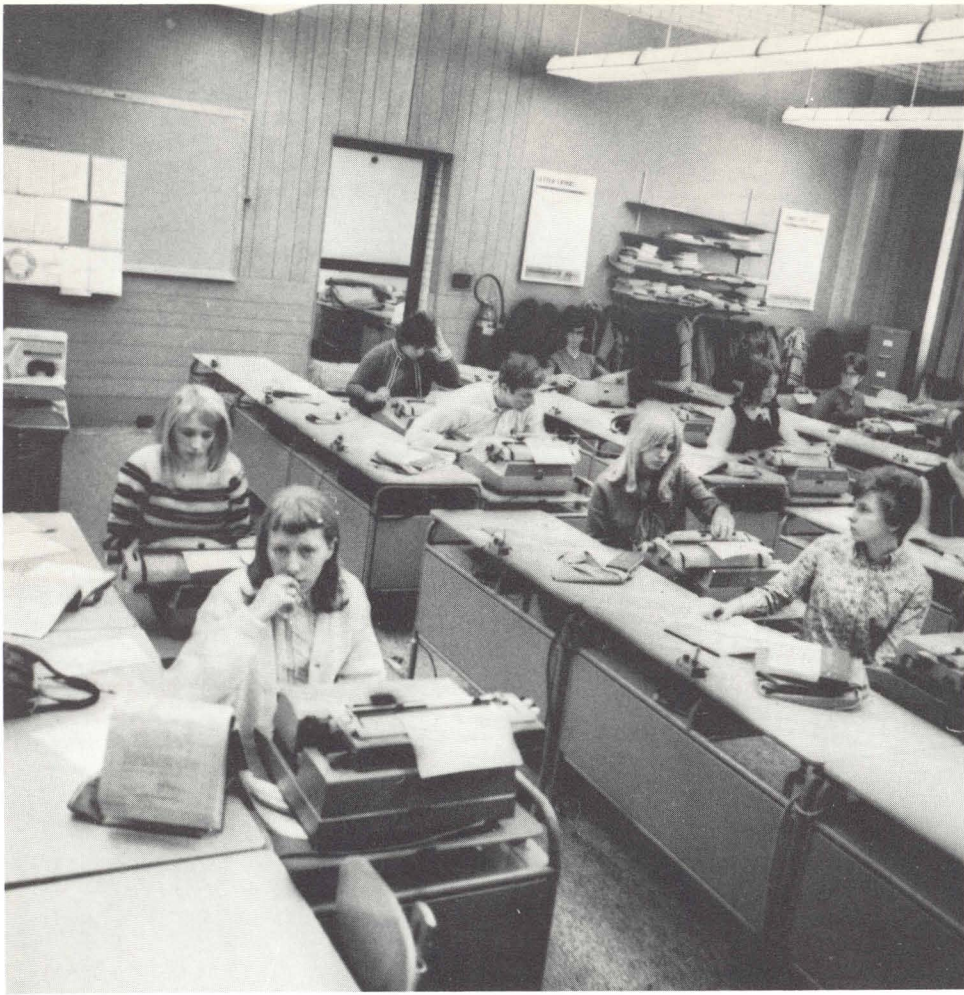

A new year begins with arrival of new faces . . . renewal of old acquaintances . . . a transition to be made opening doorways to opportunities.

On rush of fall . . . the beginning of classes provides available knowledge . . . enthusiasm . . . tempting diversions . . . the forming of clubs . . . athletic contests . . . highlights of homecoming . . . a sudden lull, dejection follows.

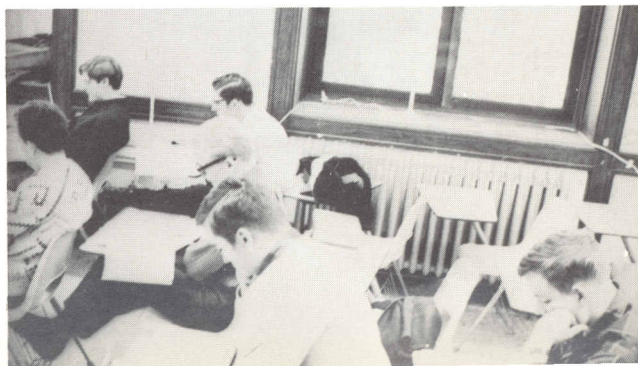

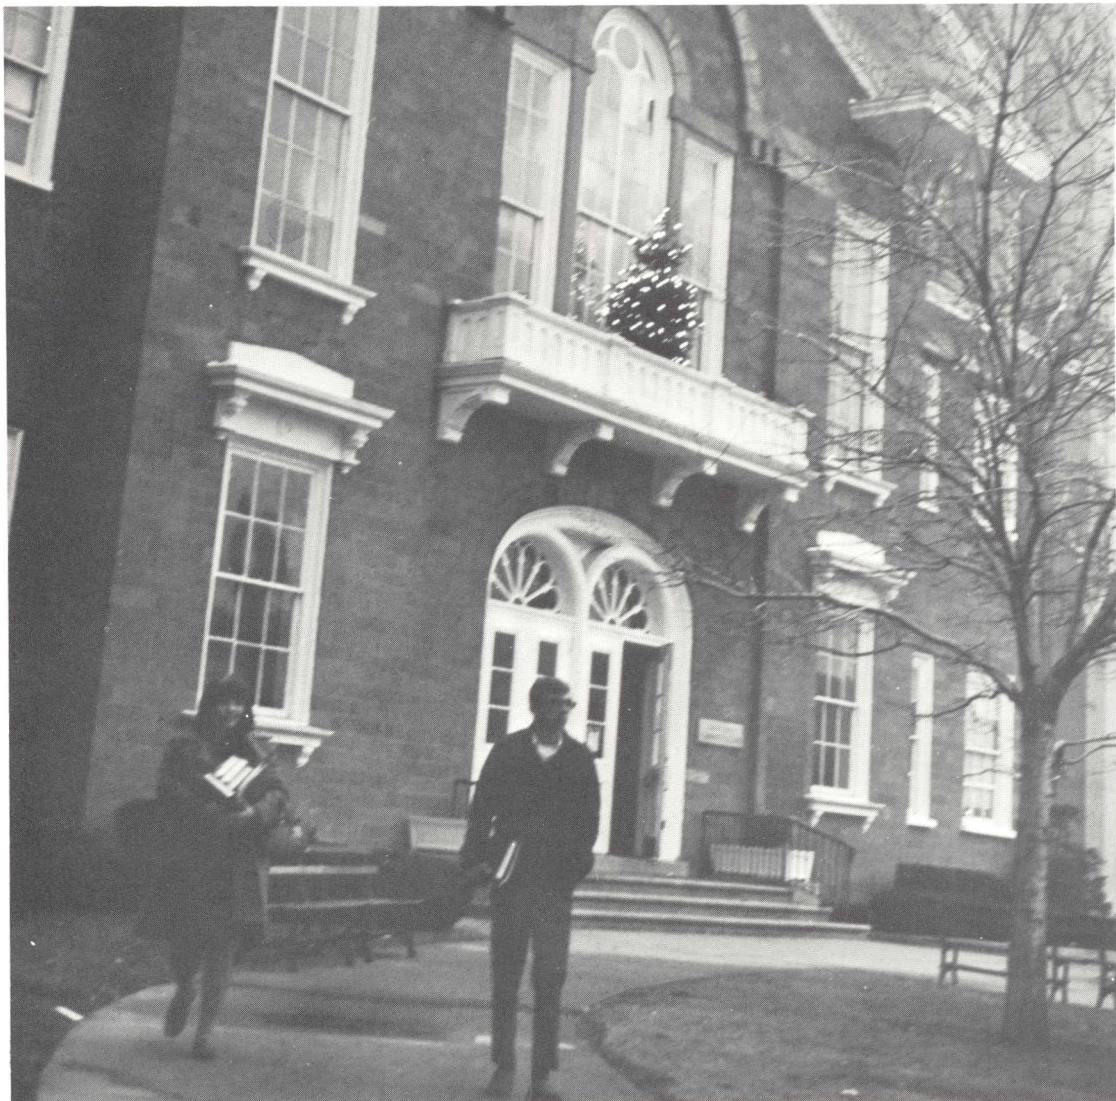

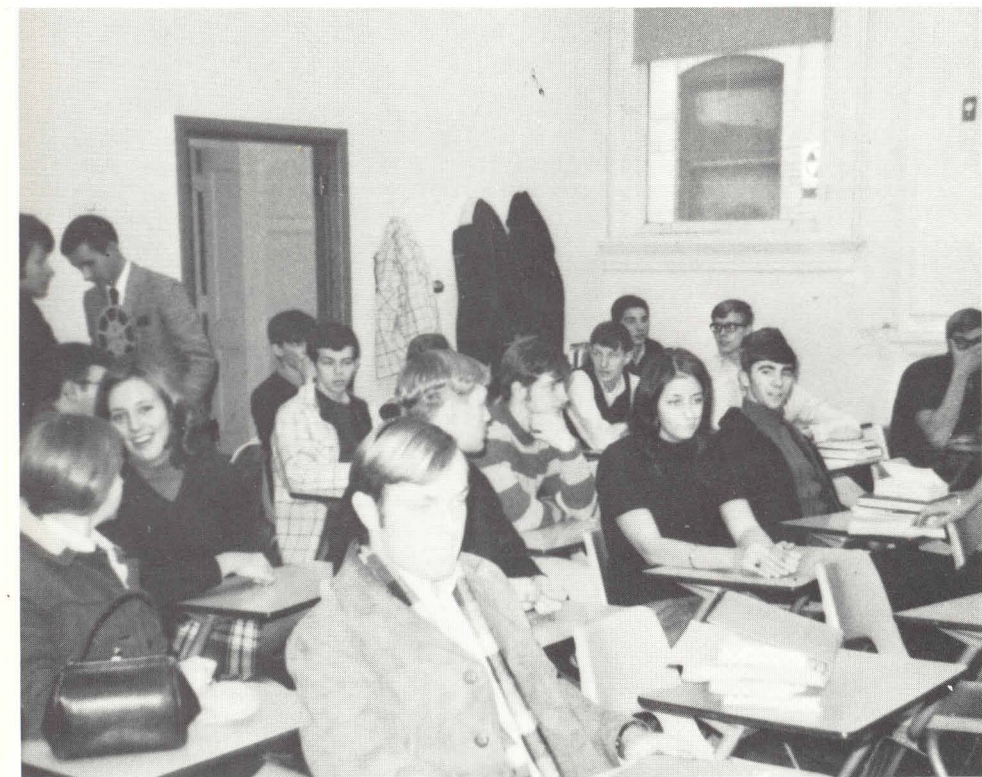

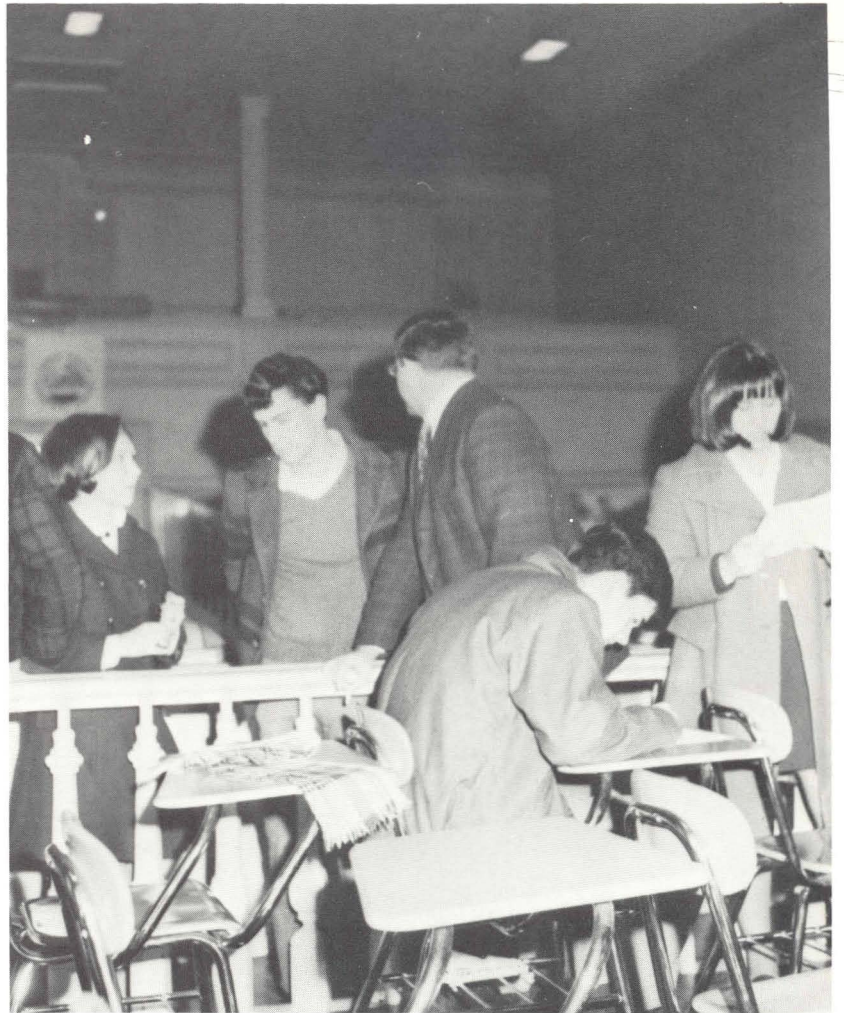

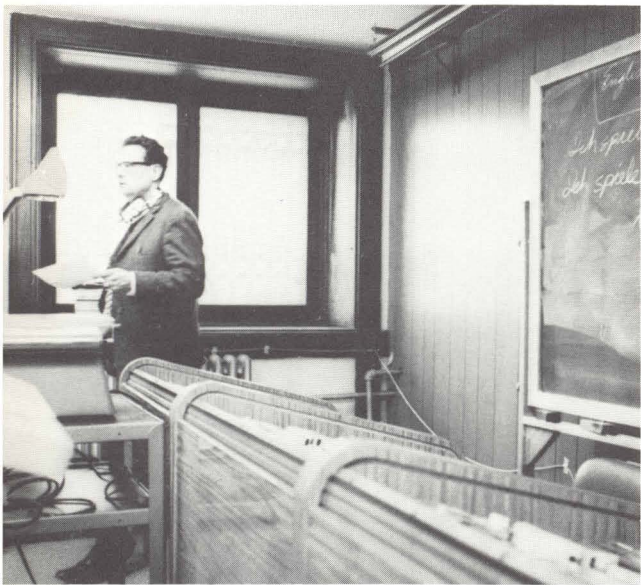

Nearness of winter . . . disruption of principles . . . exams to be taken bringing disappointment for many . . . then a long awaited vacation . . . a new semester begins . . . self made promises . . . weight of the world . . . gradual degregation . . . life in general . . . relief at last . . . important coeds . . . a glimpse at knowledge . . . vacation again.

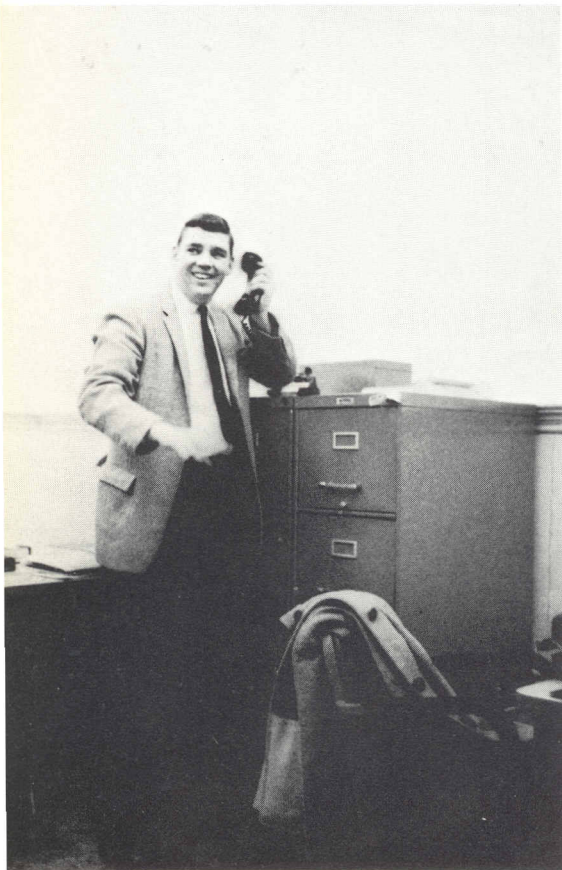

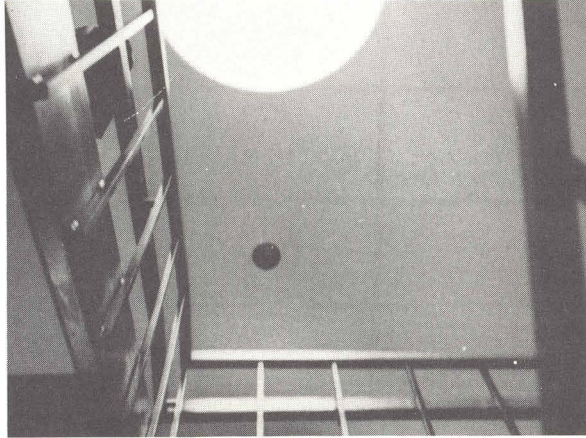

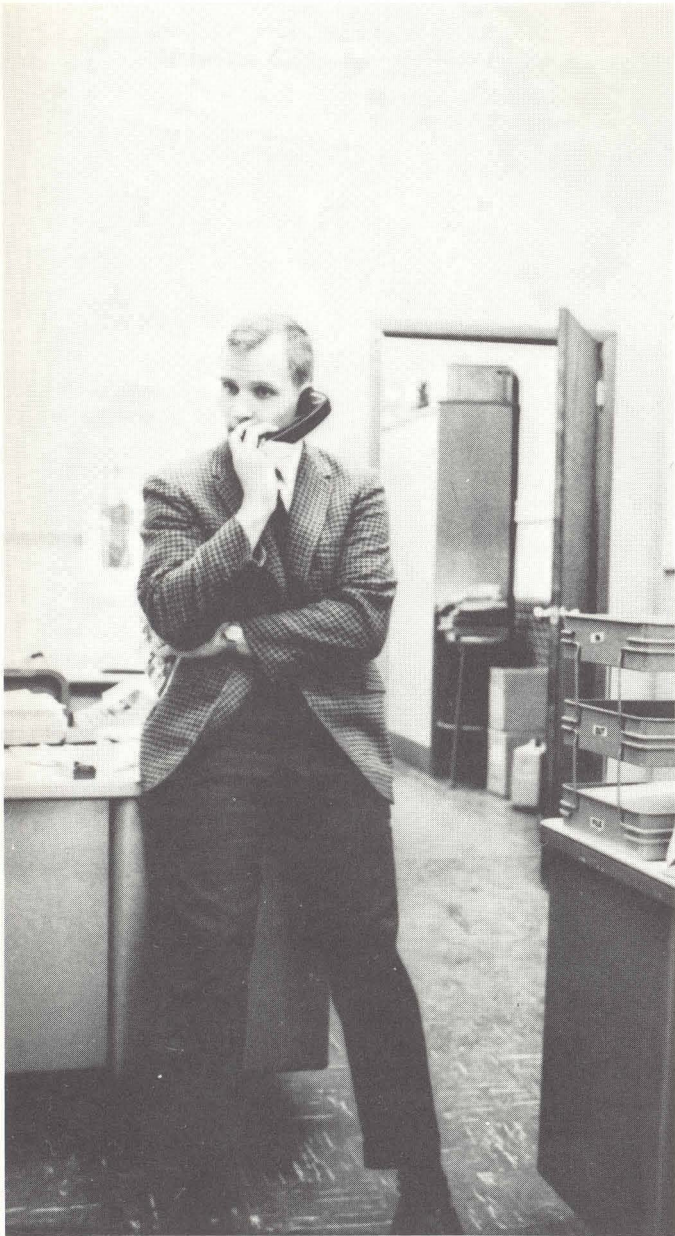

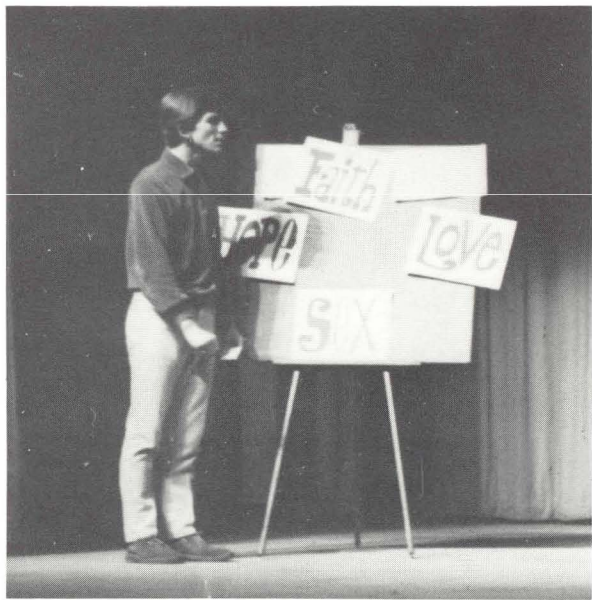

Spring fever ... a foreboding air ... rationalization begins ... a lesson through experience ... promise for the future ... realization of accomplishments ... another year ends ... these are our reflections ...

## 1969 Class Ring

## History of the Ring

A tradition begins as the year 1969 marks a First in the ring history at Lehigh County Community College. The ring committee, along with the John Roberts Design Representative, and Mr. Ronald Richards, John Roberts Sales Representative, have designed a ring which reflects the role of our college in the community.

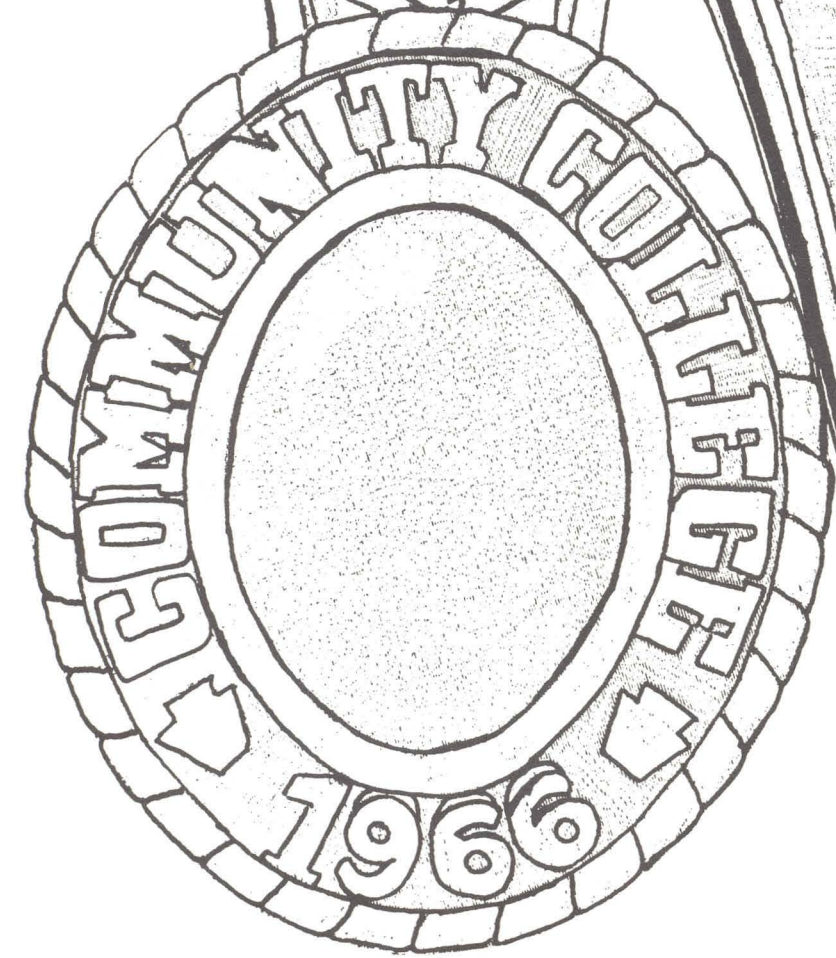

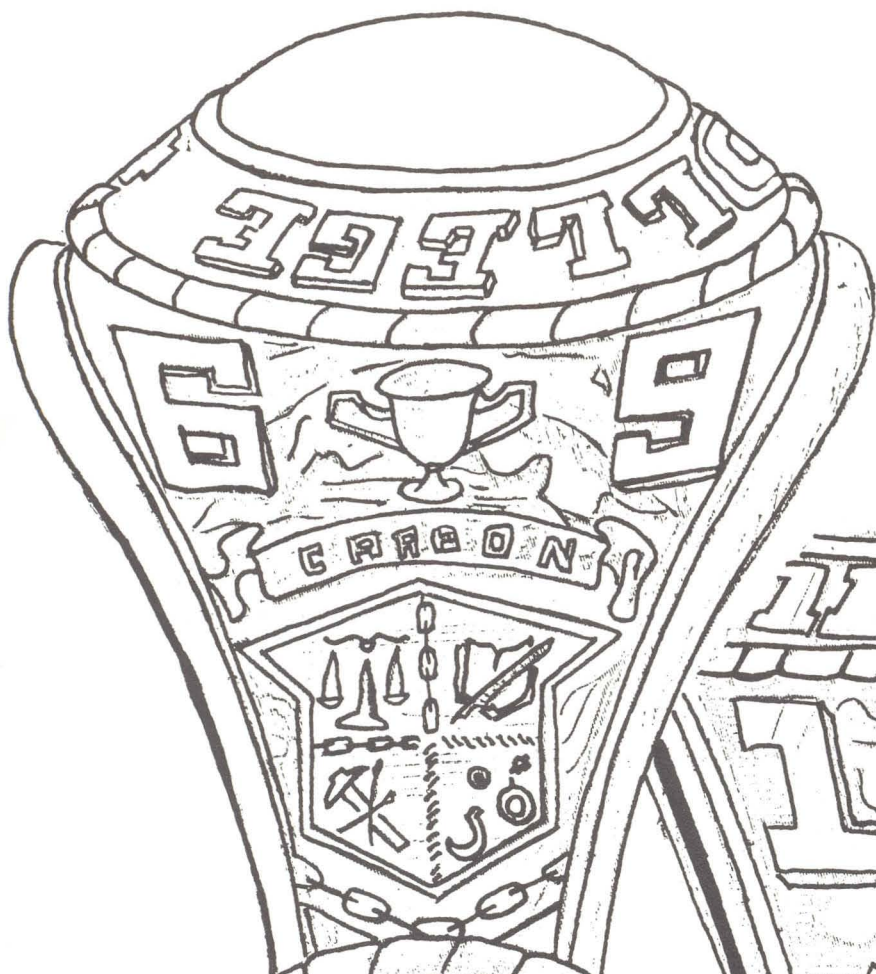

The numerals "69," distinguish the wearer as a member of the Class of 1969. The symbols of Justice, Liberal Arts, Mathematics and Science, and Technology linked with a chain are also inscribed on this side of the ring.

The two supporting counties, Carbon and Lehigh, appear on either side of the ring.

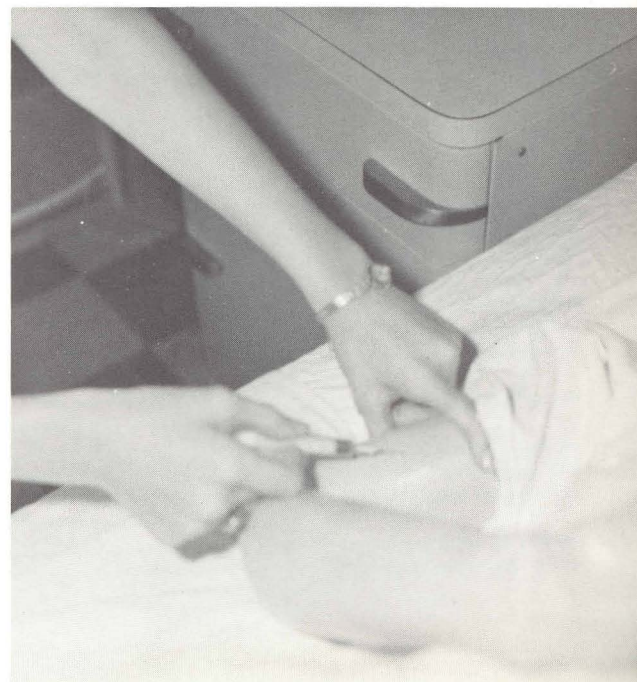

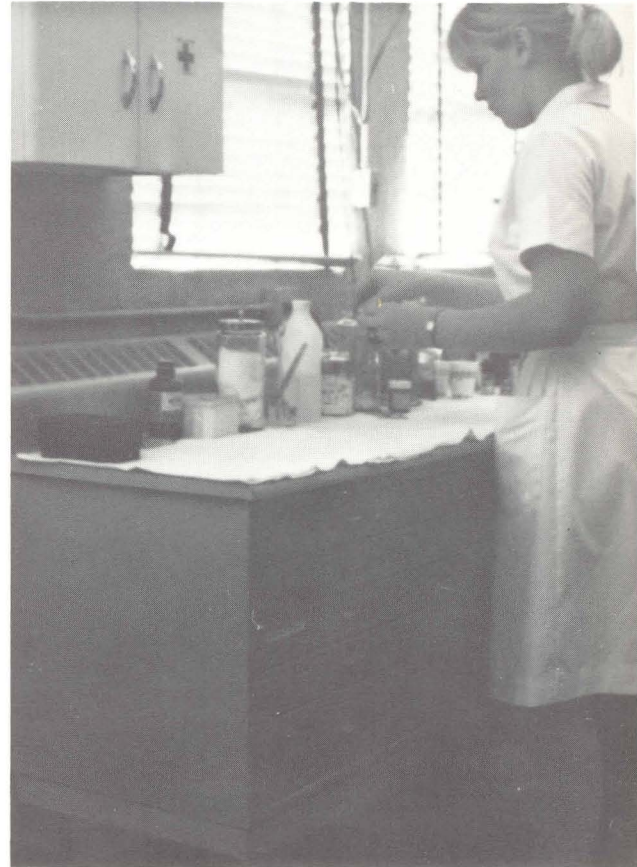

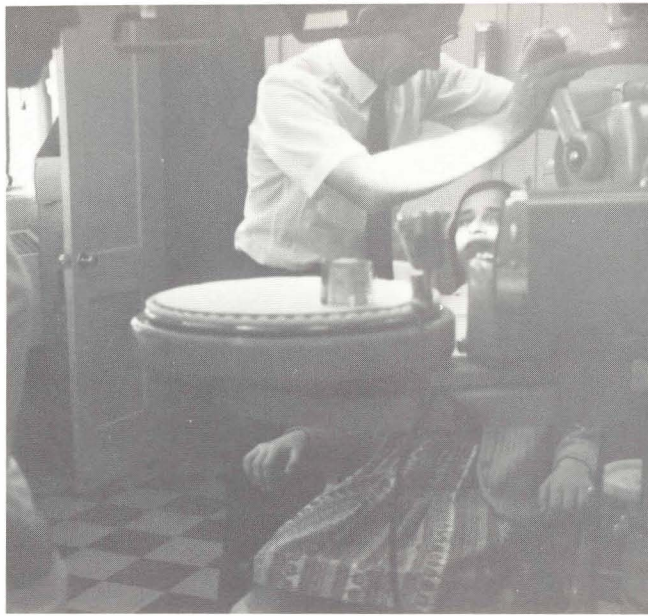

A cougar which is the school mascot, the school seal, and the numerals "19," are visible on the opposite side of the ring. The date on the face of the ring, 1966, commemorates the year the Community College was founded.

This, then, is the beginning of a proud tradition at Lehigh County Community College and is a fine representation of the Class of 1969.

# Cougar

Another year has passed. Many times it went too slowly, other times much too quickly. Nevertheless, it has passed. What will the last nine months bring to mind in the future? We, of the yearbook staff, asked ourselves this question. We needed only to look around to find an answer. The year 1968-69 was characterized by the drive against conformity, the progress of a sports program, the fall of class spirit, the move to a new campus, and finally, the reflection of . . .

The '69 Cougar is a new enterprise. Through frantic deadlines, lost pictures, a multitude of typing errors, and the guidance of Dr. Brunner, Mrs. Mistal, and Mrs. Lehman, we strived to produce a living yearbook of a living Student Body, to serve as a living memory.

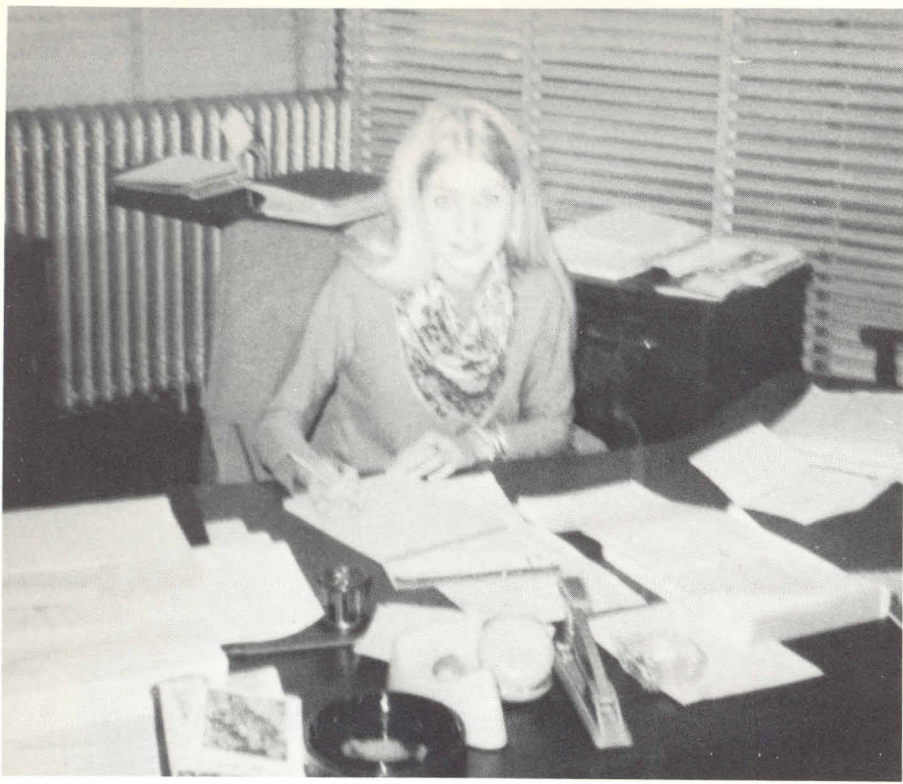

Scott Maxwell, Editor-in-chief.

This book is ours and yours. It grew from inexperience and abstract ideas into a living remembrance of one long, but worthwhile year. Many people deserve recognition for their part in producing this annual, without whose help we could never have succeeded. To these and others we extend our thanks; J. Deutsch, C. Hauser, L. Boykas, J. Schenk, P. Stahl, M. Ronemus, A. Young, J. Samusevich devoted many long hours; M. Romanyshyn, who provided many of our photographs; Dr. Brunner and Mrs. Mistal, who supplied us with the initiative that kept us working through our most difficult times.

With the staff, I thank the entire student body and faculty for their help and consideration. I hope we have provided them with an annual that will be remembered by them for as long as this year will be remembered by us.

*G. Scott Maxwell, Jr.*
