Pollution is here . . . thanks to us and previous generations . . . let's just hope that our apathetic silent majority can be alerted to this fact.

Fact . . . 58 billion pounds of industrial waste of industrial excrements are pumped annually into the air.

Fact . . . Asbestos as an air pollutant is the potential for national and worldwide epidemics of lung cancer.

Fact . . . Every man, woman, and child in the United States contains 12 ppm's of DDT in their fat tissue.

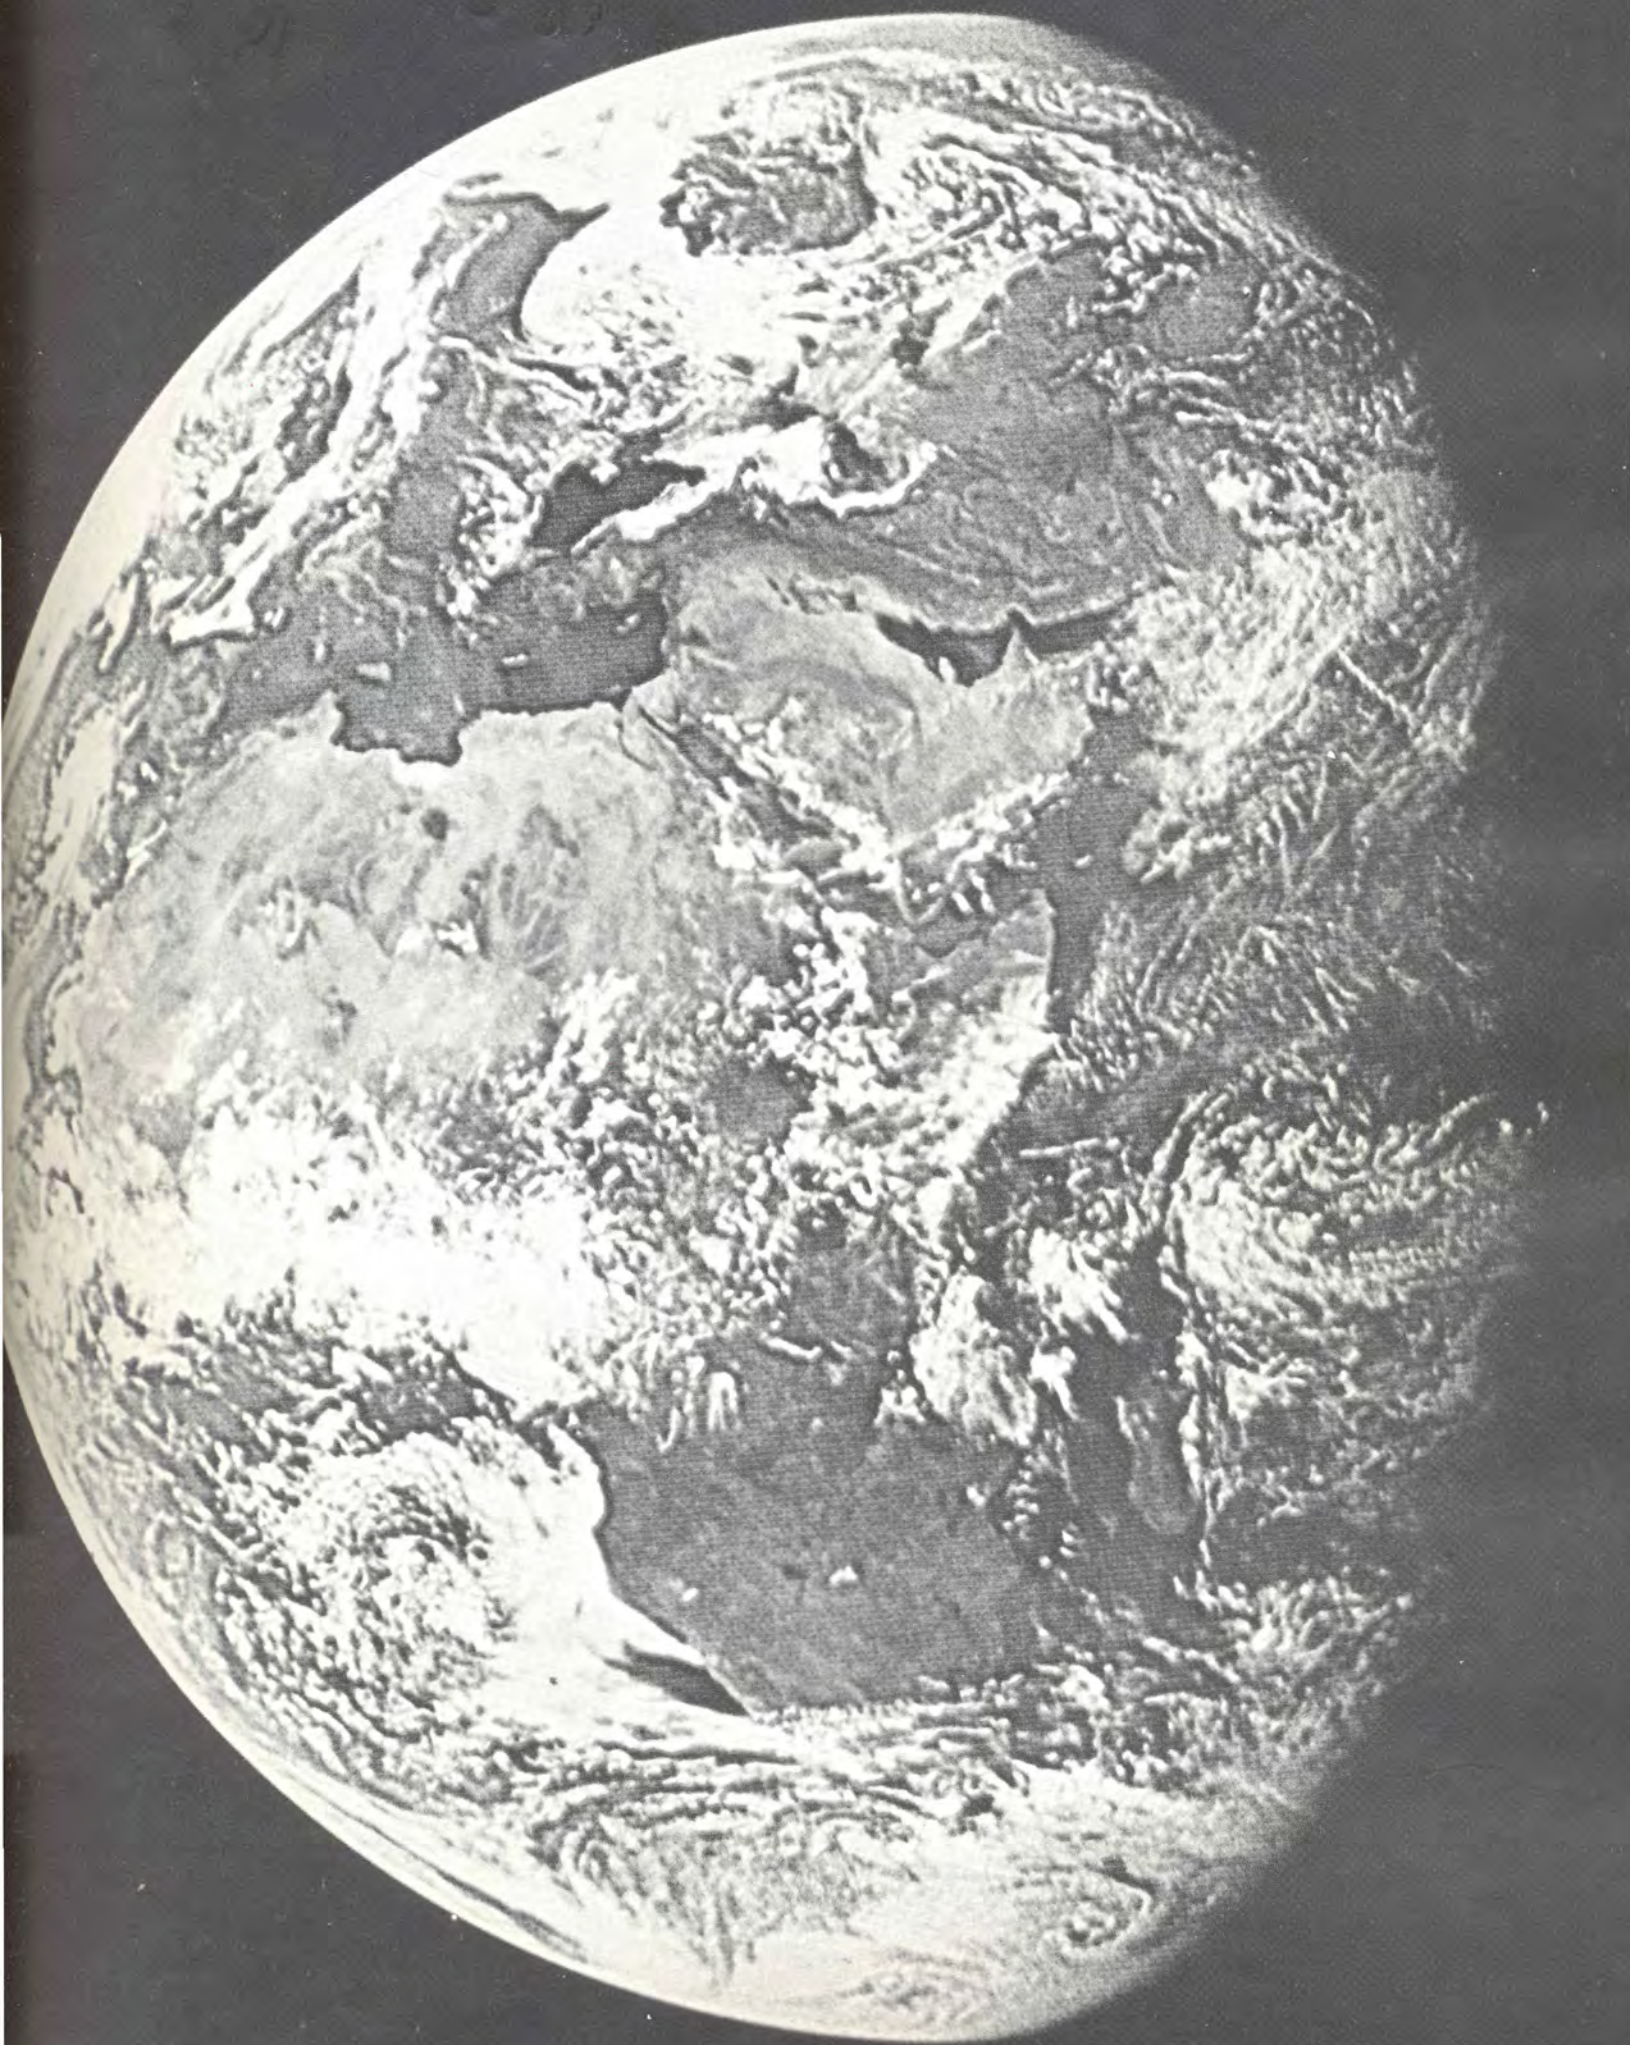

People the ship that is sinking is our environment . . . the passengers . . . our species, **homo sapiens**.

The time to form committees is over.

The time to realize the political realistics of the situation is over.

It is now the time to ACT.

And to this cause, we dedicate this book.

things i learned freshman year

Charlemagne either died or was born or did something with the Holy Roman Empire in 800.

Eight hours of sleep are not necessary.

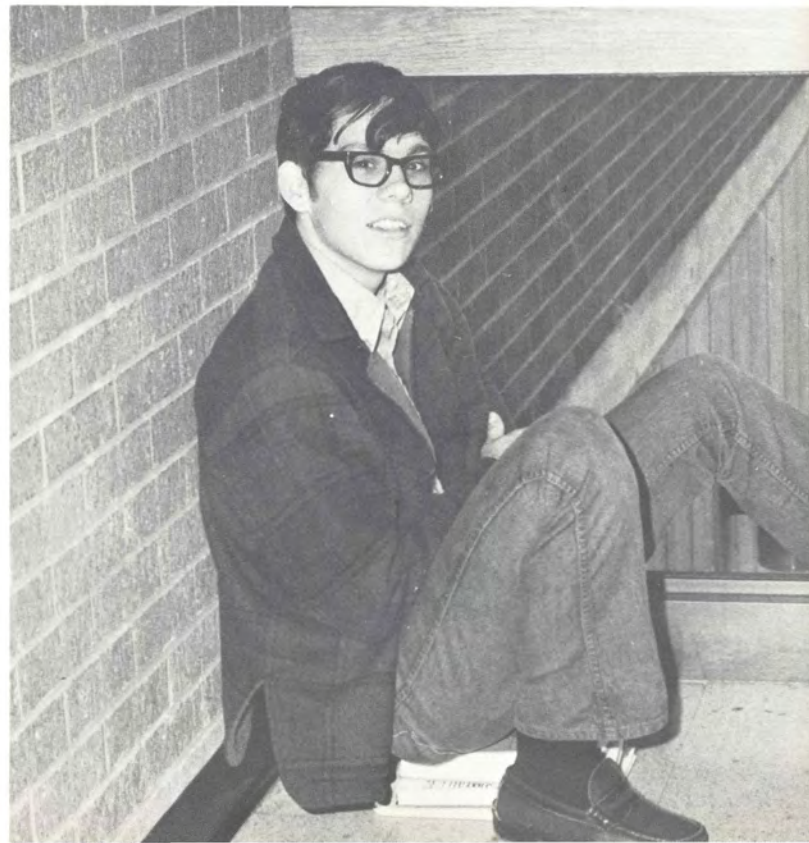

Marcus Aurelius had a son who turned out to be a bad boy.

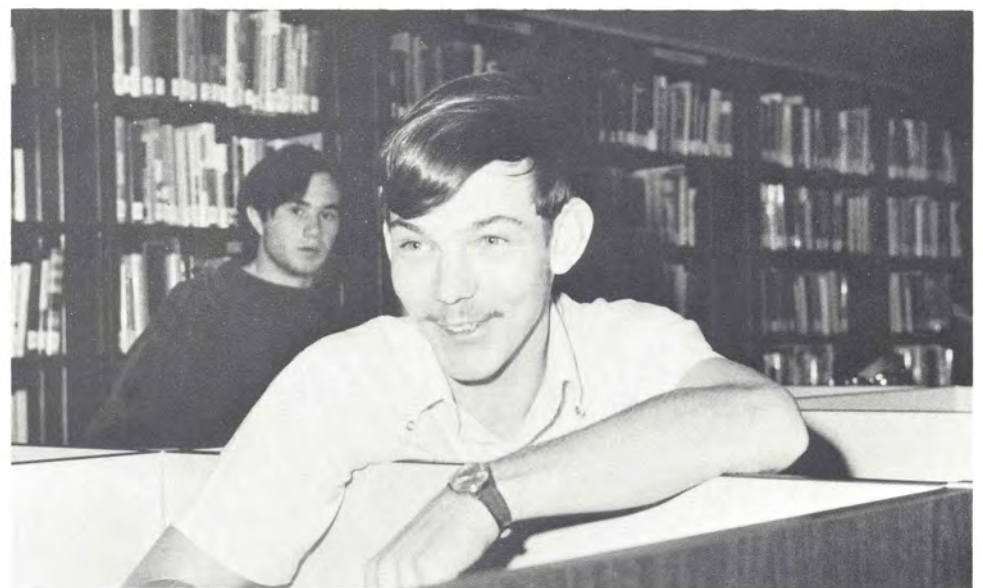

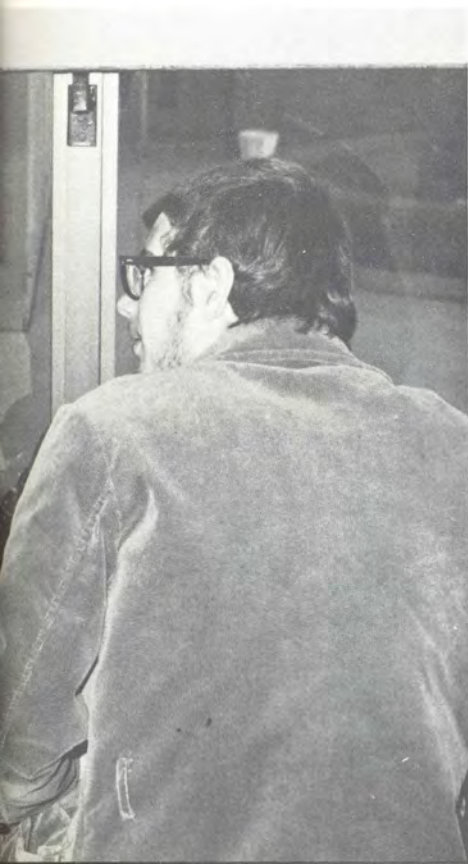

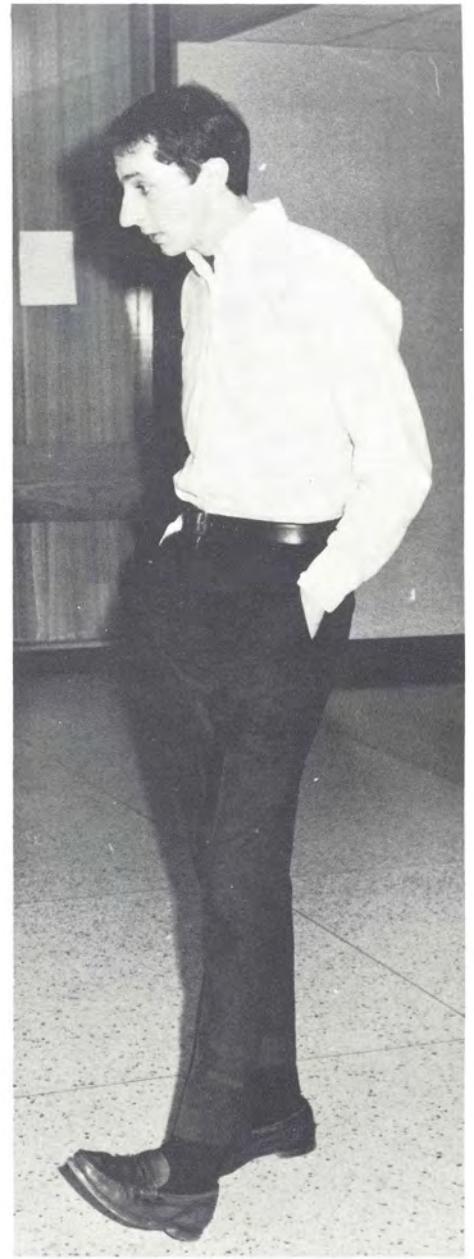

You can sleep undetected in a lecture course by resting the head on the hand as if shading the eyes.

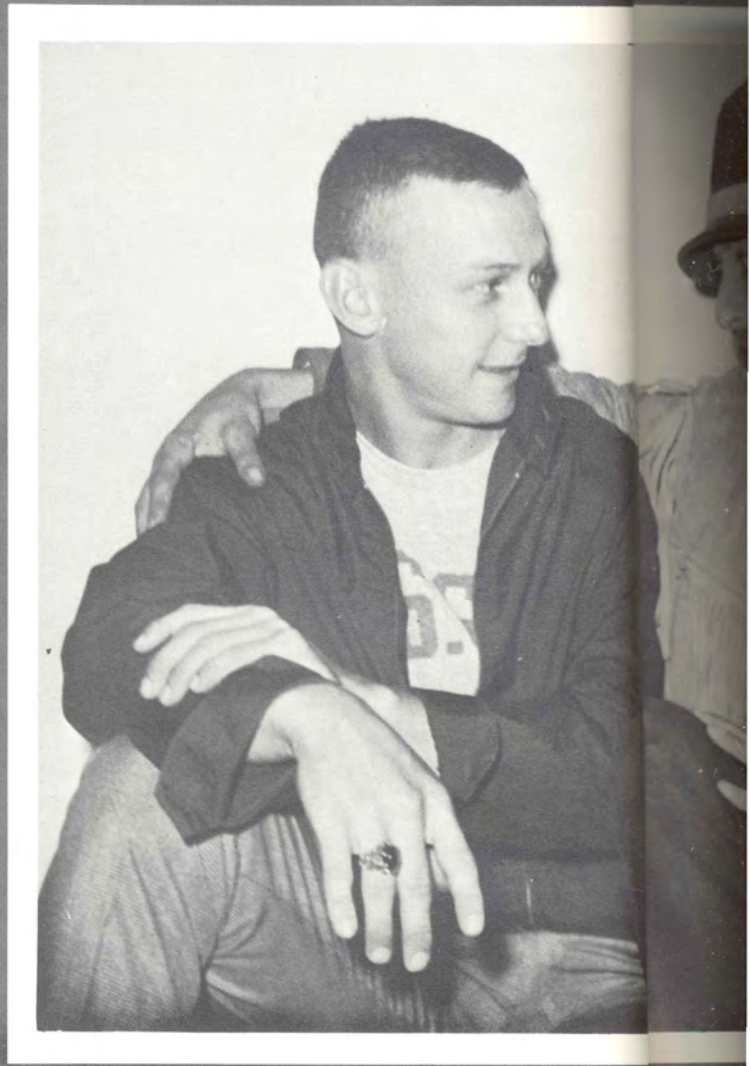

Pushing your arms back as far as they will go fifty times each day increases your chest measurement.

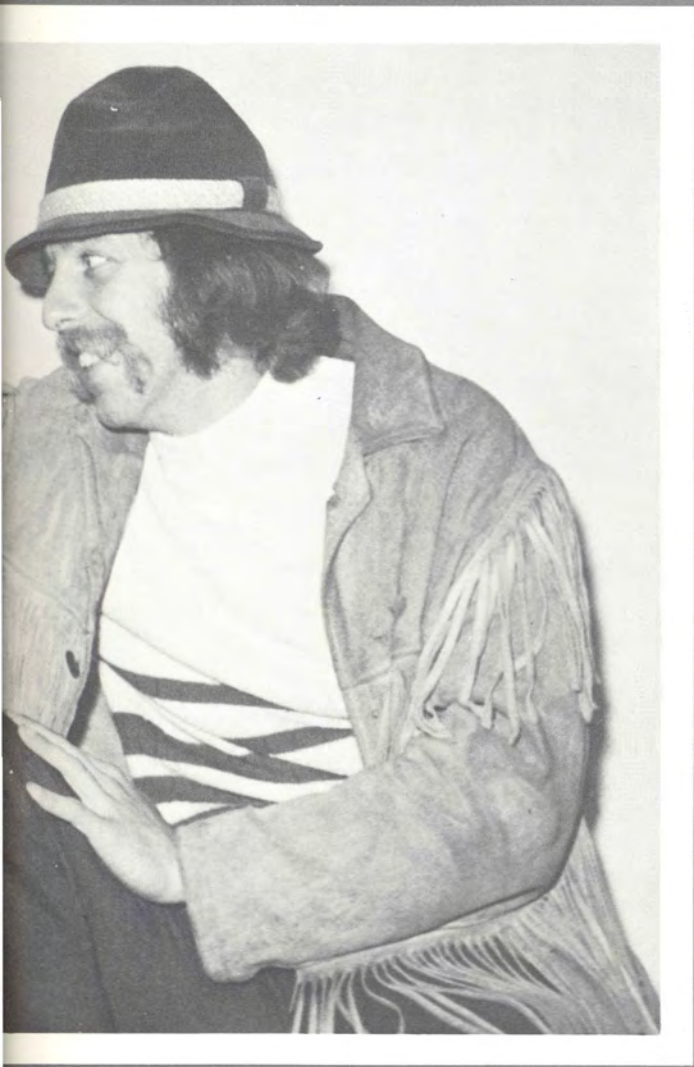

A tasty sandwich can be made by spreading peanut butter on raisin bread.

Six hours of sleep are not necessary.

Alpha Phi Omega, Phi Psi chapter, is the only national fraternity on campus. Their basic aim is service to the community as well as the college. During the year APO has constructed snow fence for the concert, raised money through raffles to aid a blind person, participated in flag football games between themselves and the Veteran's Club, and helped with a boy scout convention.

APO members can be identified by their navy and gold fraternity jackets and shirts. In addition to the members involvement in service activities, APO still finds time for a number of parties.

Phi Beta Lambda is a co-educational association open to all LCCC students interested in the business world. Currently most members are majoring in: Secretarial, Accounting, Business Administration, and Business Management.

The Activities of the 1969-70 academic year included a tour of the Merchants Bank's accounting computer division, a session of criminal court, a visit to Bloomsburg State College, and a Christmas party for young patients at the Allentown State Hospital. The members of the club also sold refreshments at the Allentown Halloween parade, had a hoagie sale, awarded two U. S. Savings Bonds to the outstanding male and female business graduates, and topped off the year with a visit to the New York City's financial district and attended a Broadway show.

This year Phi Beta Lambda members had a "Get Acquainted Party" for new students, and a speaker from Bell Telephone. Refreshments were again sold at the Halloween Parade, and a field trip was taken to the U.S. Mint, the Post Office and John Wanamakers in Philadelphia. A Christmas cookie bake sale was also held.

ΔΓΡ

Delta Gamma Rho is the only sorority at Lehigh County Community College. Delta Gamma Rho is both a service and social sorority. All pledges go through a period of initiation in which they must work for points given to them by their big sister. At the close of pledging a "Hell Night" is held during which all new members are forced to dress in ridiculous costumes and perform stunts such as selling toilet paper, playing leap-frog, and singing songs.

Members of the sorority have visited patients at the Valley Forge Hospital, had a Christmas candle sale, and have helped with bake sales in the college.

Eric Quimby—Assistant Editor, Janice Pavelco—Editor-in-chief

Behind every editor stands a great staff. At this point, I would like to give thanks to all those who have contributed to the happening of this book. Thanks to the business staff—Bernie Kopec and Nancy Heilman; to the typing staff—Merry Bender and Judy Shoemaker; to all the nurses who contributed their time; to Sam Abraham for his art work; to David Rutman for his photography; to Hess's Portrait Studio—Andy Santora and Jack Alexander. Special thanks goes to MaryAnn Mangan for the long hours of art-layout and to Eric Quimby for all his ideas, consolation, and friendship during the past year, the book wouldn't be the same without him. Last but not least, thanks to me. No one in their right mind would spend so much time on something for such an unappreciative student body.

Special thanks: Mike Gilroy of Bradbury, Sayles, O'Neill—Paragon

The S.G.A. has undergone many internal changes during the 1970-71 administration. Under the leadership of Keith Warmkessel and Horst Meinecke the student government has become more aware of campus problems. They have begun to think for themselves and are putting a greater emphasis on impressing the student body rather than the administration.

Parking Violations

We strongly urge all students who have received a parking fine to refuse to pay such fine until the cost is reduced to some reasonable price of 5¢ or 10¢ or until this whole capitalistic plot is totally abolished.

If you stick together, you can do it.
