Advising and Counseling Services

Advisors and Counselors assist students with making informed decisions in the pursuit of academic and career goals. Advisors and counselors can help with registration, transfer, questions regarding courses required for programs of study, career, academic, and personal concerns. When you aren't sure what to do or where to go – ASK!

Articulation Agreement

A formal agreement between LCCC and a four-year college that provides guidelines and course equivalency information related to transfer.

Associate in Arts and Associate in Science Degrees

A degree granted after completing a minimum of 60 credits of academic study and fulfilling graduation requirements of the chosen major. These degrees are designed to allow students to transfer into Baccalaureate programs to earn a four-year degree.

Associate in Applied Science Degree

A degree granted after completing a minimum of 60 credits of academic study and fulfilling graduation requirements of the chosen major. These degrees are intended to allow students to obtain jobs upon the completion of the degree.

Corequisite

A requirement, usually another course, which must be taken at the same time. For example, to enroll in Chemistry 111 you must also enroll in Math 160 (or already have a passing grade in Math 160).

Credit Hour

A unit of academic credit measured in semester hours. One credit hour usually represents one hour of class time per week for 15 weeks (with the exception of labs).

CRN (Course Reference Number)

The CRN is a five digit number that identifies a specific section of a course. Registration requires entry of the CRN number.

Drop/Add Period

There is a five-day drop/add period during the first week of the Fall and Spring semesters where students are able to change their course schedules by adding or dropping courses. Dropping a course(s) might change a student's status affecting financial aid eligibility.

FAFSA

The Free Application for Federal Student Aid (FAFSA) needs to be completed every year (if requesting financial aid). This is the first step in applying for financial assistance.

FERPA

The Federal Educational Rights and Privacy Act (FERPA) states that only the student has access to his/her academic records, unless otherwise indicated by the student.

Full-time Student

A student taking 12 or more credits each semester is considered a full-time student. Full-time status for summer terms is 6 credits.

GPA (Grade Point Average)

A student's scholastic average, computed by dividing total quality points by quality hours attempted. A quality point is the numerical value given to letter grades. An "A" is equivalent to 4 points per semester hour, a "B" to 3 points, a "C" to 2 points, a "D" to 1 point, and an "F" to 0 points. A minimum 2.0 GPA is required to graduate from LCCC. Please see the college catalog for a comprehensive explanation of the college's grading system and GPA calculation.

Hold

Students are denied access to their academic account for purposes of grades, registration for future classes, or adjustments of current classes until specific requirements are met.

Honors

LCCC offers a variety of challenging and rewarding honors opportunities for eligible students. Check out our website for details.

Incomplete

An incomplete "I" grade may be issued under certain circumstances during the last 20% of the semester/session. The work must be completed prior to the ninth week of classes in the next semester.

Internship

Work in a company or agency related to a student's major program and/or career plans that involves earning course credit.

L Number

This is your student identification number provided by LCCC. You will need it to access BannerWeb and services on campus.

Learning Communities

Two or more courses linked together to share common themes to create an interactive learning partnership between the courses.

Prerequisite

A requirement (usually the completion of another course) that must be met before a student is allowed to register for a certain course. For example, you must complete English 105 before you can take English 106.

Student Email

Each student is assigned an official college email and is obligated to activate his/her account and routinely check for messages.

Student ID

Photo identification card which identifies the name of the student enrolled at LCCC and serves as identification to use computer labs, access some library resources, and for campus events.

Syllabus

A document that lists course objectives and requirements along with assignments, due dates, etc. as determined by the instructor. You will get a syllabus in every class that you take.

Transcript

A copy of a student's permanent academic record. Official transcripts can be obtained from the Registration/Student Records office; unofficial transcripts can be obtained via Bannerweb.

 - e. Employing any other form of deceit in completing examinations and assignments.
2. **Plagiarism or falsification of the origin of data.**
 - a. Failing to provide appropriate documentation for another person's original idea, words, opinion, theory, fact, statistic, graph or drawing, including oral, print, electronic, etc.
 - b. Failing to present quoted language properly, in quotation marks with documentation of source.

 - e. Listing sources that you never consulted.
 - f. Submitting previously submitted work without the approval of the instructor.
3. **Misconduct.**
 - a. Providing a false reason for failure to meet class requirements including absence from class, tardiness in completing assignments, etc.
 - b. Completing an exam intended for another student, or allowing another person to pose as the student who should be taking the exam.
 - c. Using electronic communications devices during class or when completing examinations or assignments without instructor authorization or authorized accommodation.

- d. Employing or assisting another in any other form of deceit in completing course requirements.

Additional regulations regarding student conduct and possible consequences for violations are contained in the "LCCC Student Code of Conduct."

Wherever used herein, Faculty shall mean and include full time, part time, adjuncts, substitute and occasional persons who provide instruction to students.

INSTRUCTOR Responsibilities

Every LCCC instructor shall:

1. Create and maintain an environment conducive to academic honesty.
2. Reference the "LCCC Academic Honesty Policy" (including locations where students can find the full policy) in every course syllabus.
3. Uphold the "LCCC Academic Honesty Policy" in their own work.
4. When possible, meet privately with the student suspected of violating the policy to discuss the concerns, charge, and possible consequences. Utilize evidence collected by Testing Center staff or technology tools when appropriate.
5. Upon deciding to submit a report, inform the appropriate supervisor about the issue, and follow the procedures as outlined under "Consequences."
6. Include a declaration in the formal report as to whether the violation should result in a Formal Warning OR Actionable Event.

Offenses are reported electronically in the StART system, to the Office of the Dean of Academic Support and Student Success, where a disciplinary record is created and retained. The faculty member will notify the student of the action being taken. The Associate Dean of Academic Support and Student Success will send official notification to the student.

Testing Center

Testing Center Staff:

1. Prepare all evidence of the individual's suspected academic dishonesty.
2. Report the individual's suspected misconduct to the appropriate Instructor and testing center supervisor.
3. Complete and submit a StART Academic Dishonesty report as needed.

Consequences

If the instructor bringing the charge has declared the incident of academic dishonesty as an Actionable Event, consequences will depend on the charge of the violation and the academic honesty violation history of the student.

1. A formal written notice will be generated by the Associate Dean of Academic Support and Student Success, presented to the student and maintained in the student's disciplinary file. This reprimand may include one or more of the following consequences:
 - a. A written warning to the student generated by the instructor with requirements to retake the examination, redo the assignment, and/or complete extra work as specified.
 - b. A grade of "0" for the assignment or exam.
 - c. A final grade of "F" for the course.*

*A student may not withdraw from the course after such a report is made, during the appeal process, or if the judicial hearing panel determines that the "F" grade shall stand.

2. Additionally, the instructor may recommend, after conference with their supervisor, removal of the student from the student's academic program of study.

If the instructor bringing the charge has declared the incidence of academic dishonesty as requiring a Formal Warning but the student already has a Formal Warning of academic dishonesty on record, the incident is elevated to an Actionable Event and the consequences are the same as the category above.

If the instructor bringing the charge has declared the incident of academic dishonesty as requiring a Formal Warning and the student has no other Formal Warning of academic dishonesty on record the following process shall occur:

1. A written Formal Warning will be generated by the Associate Dean of Academic Support and Student Success (as reported by the instructor) and presented to the student indicating the student has violated the Academic Honesty Policy and that any future infraction may result in the consequences listed under the Actionable Event section of this document. The Formal Warning will be retained by the Office of the Dean of Academic Support and Student Success so that future charges are recognized as a repeat offense.
2. A written warning may be generated by the instructor and presented to the student with requirements to retake the examination, redo the assignment or complete extra work as specified by the instructor.

Retention of Records

Record of a Formal Warning will remain in the student's disciplinary file until the student graduates or has not been a student at LCCC for at least three (3) years. Record of an Actionable Event will remain in the student's disciplinary file indefinitely.

Appeals

Appeals to charges of violation of academic honesty must be submitted in writing to the Associate Dean of Academic Support and Student Success within five (5) days of receipt of the charge. Appeals to the charge are referred to the Student Conduct Hearing Process. Please see "LCCC Code of Student Conduct" for more information on the conduct process.

Repeated Violation

In addition to the consequences set forth in this policy, if a student is found to have committed a second violation of academic honesty they may be subject to suspension from the College. The student will not be allowed to re-enroll without reinstatement approval from the Academic Record Review Committee. Information regarding the reinstatement application process can be obtained from the Associate Dean of Academic Support and Student Success.

ART EXHIBITS AT THE COLLEGE

As part of its educational mission, the College welcomes opportunities to consider requests for art exhibits. Art exhibits are considered a privilege, and therefore may be considered by application or by direct invitation, only. All exhibits must support the college's instructional/educational mission. This procedure outlines the steps, requirements and internal processes that guide application for seeking approval to display art at the college.

All artists who wish to apply to exhibit artwork are required to submit the following information to receive consideration:

- completed LCCC Art Exhibit Request form,
- photos or portfolios of all of the art proposed for display,
- installation criteria, and
- a descriptive statement to assist understanding/access into the proposed exhibit, including its educational purpose.

All application materials should be submitted to the Art Review Board as indicated on the LCCC Art Exhibit Request form at ARB@lccc.edu.

The Art Review Board (ARB) is comprised of members from the college faculty, administration and students appointed by the President. The ARB is convened to consider and provide decision for all complete applications for exhibit received.

The ARB will either approve or deny the request to exhibit or the specific artwork as follows:

- **Exhibit Approved**
 - Location for exhibit will be determined by the ARB, based on the exhibit size, installation criteria, and content of the artwork.
 - Period of time for the artwork to be exhibited will be determined by the ARB in consultation with the artist, the sponsoring department or program, and facilities and operations department.
 - All exhibits must include display of a statement by the artist describing the exhibit's content, including its educational purpose. Exhibits containing sensitive or provocative imagery must include a statement warning viewers and a disclaimer of relationship to the views of College. Advertising or promotion of the exhibit must also include the warning, purpose and disclaimer.
 - The College will not be responsible for lost, stolen or damaged materials. The individual loaning the artwork to the college for display must sign a liability waiver.
- **Exhibit Denied**

The exhibit application may be denied on the basis of installation criteria, the artwork is determined to not support the instructional/educational mission of the college, or other reasons as determined by the ARB.

CAMPUS AND COLLEGE SITE TIMELY WARNING NOTICE AND EMERGENCY NOTIFICATION

Adopted: February 2, 2017

Revised: November 7, 2019

February 4, 2021

March 2, 2023

Policy No. 3-202

To establish the parameters for compliance with the "*Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998*" (commonly referred to as the "Clery Act") at all college locations.

I. BACKGROUND

The "*Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998*," commonly referred to as the "Clery Act," requires institutions of higher education receiving federal financial aid to report specified crime statistics on college campuses, sites and areas within the same reasonably contiguous geographic area of college campuses and sites, and to provide other safety and crime information to members of the campus community.

II. DEFINITIONS

A. Campus Security Authority (CSA)

Individuals at the college who, because of their function for the college, have an obligation under the Clery Act to notify the college of alleged Clery Crimes that are reported to them in good faith, or alleged Clery Crimes that they may personally witness. These individuals, by virtue of their position due to official job duties, ad hoc responsibilities, or volunteer engagements, are required by federal law to "report" crime when it has been observed by or

reported to them by another individual. These individuals typically fall under one of the following categories:

1. A member of a campus police/security department.
2. Individuals having responsibility for campus security in some capacity, but are not members of a campus police/security department (e.g., an individual who is responsible for monitoring the entrance to college property).
3. People or offices that are not members of a campus police/security department, but where policy directs individuals to report criminal offenses to them or their office.

Continuation of an assessment will proceed as the events unfold. This may necessitate additional notification of the campus community.

CODE OF STUDENT CONDUCT

The **Lehigh Carbon Community College** community is committed to fostering a campus environment that is conducive to academic inquiry, a productive campus life and thoughtful study and discourse. The student conduct program within the **Office of the Dean of Academic Support and Student Success** is committed to an educational and developmental process that balances the interests of individual students with the interests of the Lehigh Carbon Community College community.

A community exists on the basis of shared values and principles. At Lehigh Carbon Community College, student members of the community are expected to uphold and abide by certain standards of conduct that form the basis of the ***Code of Student Conduct***. These standards are embodied within a set of core values that include integrity, social justice, respect, community, and responsibility.

Each member of the College community bears responsibility for their conduct and to assume reasonable responsibility for the behavior of others. When members of the community fail to exemplify these five values by engaging in violation of the rules below, campus conduct proceedings are used to assert and uphold the ***Code of Student Conduct***.

The student conduct process at the College is not intended to punish students; rather, it exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies. Sanctions are intended to challenge students' moral and ethical decision-making and to help them bring their behavior into accord with our community expectations. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

Students should be aware that the student conduct process is quite different from criminal and civil court proceedings. Procedures and rights in student conduct procedures are conducted with fairness to all, but do not include the same protections of due process afforded by the courts. Due process, as defined within these procedures, assures written notice and a hearing before an objective decision-maker. No student will be found in violation of College policy without information showing that it is more likely than not that a policy violation occurred and any sanctions will be proportionate

to the severity of the violation and to the cumulative conduct history of the student.

The complete and current Code of Student Conduct can be found at <https://www.lccc.edu/student-experience/lccc-code-of-student-conduct>.

COLLEGE CLOSING

Adopted: February 2, 2017

Revised: February 6, 2020

Policy No. 3-206

I. WEATHER RELATED

The Vice President for Academic Services and Student Development (or designee), in consultation with the Director of Facilities Management (or designee), is responsible for deciding when to close the College due to inclement weather.

LCCC makes every effort to send the notification by 5:30 a.m. or as soon as possible, depending on the timing of the weather circumstances. If conditions worsen during the day, the College may need to have an early closing. The decision to close the College will be made by 2 p.m.

A. How Are the Staff and Students Notified

Staff and students are strongly encouraged to sign-up for the Omnilert Notification System available through the College portal. Signing up for Omnilert is easy, free, and available to all students and staff. If a decision is made to close the College or for early dismissal, the Omnilert system is used to notify subscribers through a direct call, a text message, and/or email notice.

Information regarding a College closing or early dismissal will also be posted on the College's website homepage and social media outlets including Facebook and Twitter. The College also posts information through the news media at WFMZ Channel 69 and WNEP Channel 16 and their affiliate stations.

B. Clarification of Messages

1. Classes that are scheduled to start before the opening time will be canceled. Those scheduled to start after the announced opening will be held as normal. For ex: If the College is on a two-hour delay, we are scheduled to open at 10 a.m., classes that normally start at 8 a.m., 9 a.m., or 9:30 a.m. are canceled, regardless of how long those classes last. In this case, the next class period at 11:10, would go on as normal.
2. Canceling day classes means canceling classes from 6:30 a.m. until 5 p.m. and day staff should not report for work.
3. Canceling evening classes means canceling classes from 5 p.m. to closing and evening staff should not report for work.
4. Part-time classified personnel who normally work late afternoon/evening hours should check with their supervisors before reporting to work should day classes have been cancelled. They should not report for work if evening classes have been cancelled. If the weather is questionable and they have heard no radio announcements, they should always check with their supervisor before starting out to report to work.
5. If there is a special need for any staff to report for work, even though classes are not meeting, they will be contacted by their supervisor by telephone.
6. All operations and maintenance and security personnel are expected to report for work as scheduled during College closing.

Note: Vacation, personal, or sick time will not be reinstated in the event of a cancellation or delay.

II. NON-WEATHER RELATED

The Critical Incident Communication Team will decide on all other College closings. These may include an array of incidents that impact the safe operation of the College campus or College sites. The time of College closing will depend on the time and type of the incident.

A. How Staff and Students Are Notified

Staff and students are strongly encouraged to sign-up for the Omnilert Notification System available through the College portal. Signing up for Omnilert is easy, free, and available to all students and staff. If a decision is made to close the College or for early dismissal, Omnilert system is used to notify subscribers through a direct call, a text message, and/or email notice.

Information regarding a College closing or early dismissal will also be posted on the College's website homepage and the College's social media outlets including Facebook and Twitter. The College also posts information through the news media at WFMZ Channel 69 and WNEP Channel 16 and their affiliate stations.

COURSE SUBSTITUTION

Adopted: February 2, 2017

Policy No. 4-204

Eligibility and Requirements

A student is eligible for reasonable course substitution of any graduation requirement provided that the student's inability to meet the requirement is related to one of the following situations:

1. The course is required by the program of study but the College has not offered the course within the last two semesters prior to program completion.
2. A different course is required by an institution to which the student will transfer.
3. The student has a disability.
4. A compelling reason exists whereby an alternate course is more suitable to meet the student's career/educational goals.

In all cases, a course substitution may be approved only if failure to meet the graduation requirement does not constitute a fundamental alteration in the nature of the program for which the course substitution is granted. The course substitution applies only to that program of study. All College policies regarding course registration and withdrawal apply.

Request for Course Substitution Procedures

The student must petition for a course substitution by submitting a completed Request for Course Substitution form to the Associate Dean of Professional Accreditation and Curriculum.

The student who believes that a course substitution is required due to a disability must submit a completed Request for Course Substitution form and present the following:

1. Documentation from the Disability Support Services Office indicating a course substitution is warranted for the specific course in question indicating appropriate documentation is on file, the inability of the student to meet the course requirements due to a disability, and what accommodations the student is using, with further discussion, if needed, between the Associate Dean of Professional Accreditation and Curriculum and Disability Support Services.
2. Documentation identifying the inability to meet the requirement for which the substitution is requested is related to the disability.
3. A copy of the current college transcript or previous educational records which indicates the number of times the student has attempted the course.
4. A letter of recommendation for the course substitution from the learning specialist for disabilities support Services and/or a faculty member. The letter must identify academic accommodations which were used in previously attempted courses.

Designation of Reasonable Substitutions

The Associate Dean of Professional Accreditation and Curriculum will review the courses that are required in the program of study and may assist the student in identifying appropriate substitutions or refer the student to an academic advisor or faculty member for identification of an appropriate course to substitute. Faculty members who teach the identified courses and/or who teach within the student's program of study may be consulted prior to a final decision. Course substitution will be approved on a case-by-case basis according to the availability of substitute courses that would not fundamentally alter the program of study.

Approval of Substitution

The student will be sent a copy of the Request for Course Substitution form signed by the Associate Dean of Professional Accreditation and Curriculum indicating approval.

Appeal Process

The student may appeal the decision of the Associate Dean of Professional Accreditation and Curriculum by petitioning the Vice President for Academic Services and Student Development whose decision will be final.

Revised: August 1, 2019

Policy No. 3-209

As an institution of higher education, Lehigh Carbon Community College (the "College") fully supports the free exchange of ideas. To meet its educational mission, the College will provide a designated public forum for the exercise of free speech at sites owned by the College with an exterior area conducive for such exercise.

Nothing in this policy is intended to limit the rights of student or faculty speakers. While students and faculty are welcome to make use of the designated public forum area, students and faculty may have additional rights to access the College for expressive purposes, as provided under College Policy and the law.

The College identifies the following areas as designated public forums: at the Main Campus, the Gazebo adjacent to the College Service Center; at the Morgan Center, the exterior paved area at the lower level of the Scheller Center, Business Enterprise Center. As and when practical, campus maps will reflect the designated public forum. In addition, the College does not allow any activity in the designated public forum that disrupts the College's ability to fulfill its educational mission, related services, and business operations. DISABILITY SUPPORT SERVICES – ACCOMMODATION APPEAL PROCESS

Adopted: February 2, 2017

REVISED: November 2, 2023

Policy No. 2-702

Lehigh Carbon Community College (hereinafter referred to as "LCCC") is obligated to provide equal educational opportunities to qualified students with disabilities so that they can participate in LCCC's programs, services, and/or activities. Faculty Responsibilities

Instructors' Responsibilities

- 1) Classroom instructors must maintain an open line of communication. Classroom instructors must refer students to the Office of Disability Support Services ("DSS") if the student has disclosed a disability. DSS will review the documentation to determine eligibility for accommodations.
- 2) If accommodations are provided, a DSS Learning Specialist will issue an Accommodations Memo to the eligible student. The student will share the Accommodations Memo with the instructor as instructed by their DSS Learning Specialist. If an instructor requires clarification, the classroom instructor and/or student should reach out to DSS and the DSS Learning Specialist will provide clarification and support.
- 3) Classroom instructors must provide the accommodations as stated by DSS. If there are any questions as to the implementation of accommodations, the classroom instructor must contact DSS.
- 4) Classroom instructors must maintain academic integrity of the course curriculum for all students.
- 5) Classroom instructors must maintain confidentiality of the disability. DSS will only share that the student has a documented disability.

Student Responsibilities

While disclosing a disability is always voluntary, a student must disclose their disability and complete the DSS registration process in order to receive accommodations.

1. The DSS registration process requires appropriate documentation. This can be emailed, faxed, mailed, or delivered to SH 150.
2. The student must meet with the DSS Learning Specialist to discuss the accommodations necessary for the specific class.
3. Students are responsible for scheduling the intake appointments with DSS and must communicate with their DSS learning specialist for Accommodation Memo renewals each semester. Some students will need different accommodations for different types of classes.
4. If students claim they are not being given their accommodations, they must notify their DSS Learning Specialist immediately.

Accommodation Appeal Process for Students

This appeal process shall apply to situations where a student has actively participated in the accommodation process and the request has been denied. An accommodation will not be considered if it fundamentally alters the nature of a service or program. LCCC encourages students to have open discussions with the DSS Learning Specialist to help ensure success. Additional support is available at cost in the SEED and SEED Achieve programs.

Students who disagree with DSS recommended accommodations must first discuss concerns with the Learning Specialist who provided the Accommodations Memo. Students should also bring any concerns with instructors or staff to their assigned DSS Learning Specialist. Students may request accommodation revisions during the semester in this manner.

If the concern is not resolved, students should appeal within two (2) weeks of receiving the accommodations. This should be done in writing and include the accommodation, initial reason for denial, and reason why it should be approved. This will be reviewed by the Associate Dean for Student Learning and Organizational Development within five (5) working days and the student will receive a response in writing.

If still unresolved, the decision may be appealed to an ad-hoc committee that may be comprised of the Dean of Student Support and Success, DSS service faculty and any applicable instructor or staff. The student will need to provide permission for any private documentation to be reviewed within the committee. A decision will be provided in writing within fourteen (14) working days and is the final decision.

Please see the College website for the most updated policies and procedures at:
<https://www.lccc.edu/current-students/college-policies/student-policies-procedures>.

If the student believes they have experienced discrimination, a complaint should be filed with the Compliance Officer in the Department of Human Resources within ten (10) days after the ad-hoc committee's decision. Complaints can also be registered with the Ombudsman by calling 610-295-5168 Monday through Friday from 8:30 a.m. to 5 p.m. Discrimination complaints will follow the campus policy in the LCCC Policy and Regulations Manual – Policy 2-504-Discrimination Grievance Procedure.

DISCRIMINATION GRIEVANCE PROCEDURE

Adopted: February 2, 2017

Revised: July 5, 2018

Policy No. 2-504

The College does not discriminate on the basis of age, color, disability, gender, gender identity, genetic information, family or marital status, national or ethnic origin, race, religion, sex, sexual orientation, veteran status, or any other protected class in its programs, activities, employment practices or complaints that may fall under Policy 2-610 of the manual.

The College does not tolerate discrimination on any of basis listed above. The College takes prompt and appropriate steps to correct discriminatory effects on the complainant and others, if appropriate. Individuals who experience discrimination may receive interim remedies, as appropriate.

The College takes seriously complaints of discrimination and will take prompt disciplinary action against individuals who engage in discrimination.

Grievance Procedure

Any student or employee who feels he/she has been unlawfully discriminated against shall file a grievance with the Director of Human Resources, in writing, either on a form provided by the Director for this purpose, or on any other form provided by the grievant himself, setting forth in specifics the nature of the alleged unlawful discrimination and providing the name or names of the party or parties involved, the date or dates of the incident or incidents, and any other information that the grievant feels would be in support of the alleged unlawful discrimination.

Where the alleged discrimination is sex discrimination as defined in Title IX, VAWA and the Campus SaVE Act, including discrimination based on sex, sexual harassment, dating violence, domestic violence, sexual assault, stalking and any of the aforementioned acts of discrimination or violence when committed against individuals because of their known or perceived national origin, ethnicity, gender identity, gender presentation, or sexual orientation, the Director of Human Resources shall immediately notify and forward the grievance document to the Title IX Coordinator. In such cases, the grievance procedures set forth in Policy 2-610 (Sexual Misconduct) shall apply in lieu of those set forth herein.

Where the student or employee is alleging acts of unlawful discrimination by the Director of Human Resources, the written grievance must be filed with VP for Finance and Administrative Services who shall fulfill the responsibilities assigned to the Director of Human Resources under this Policy.

The grievant must sign the grievance document.

It is preferred the complaint be in writing; however, if the grievant is physically unable to comply, then he/she can present the complaint orally to the Director of Human Resources, and it would then be the Director of Human Resources' obligation to put into writing to the best of the Director of Human Resources' ability, the complaint as outlined by the grievant with the grievant then having an opportunity to review the complaint and indicating on the document a mark of acknowledgement to be witnessed by a human resource assistant.

After receipt of the written grievance document, as detailed above, the Director of Human Resources shall investigate the charges alleged.

Within sixty (60) days from the date the complaint was received, the Director of Human Resources will prepare a written report, unless additional time is necessary to complete the investigation. The report will include findings with respect to whether discrimination occurred. DRUG-FREE CAMPUS, ALCOHOL AND DRUG ABUSE PREVENTION PROGRAM

Adopted: February 2, 2017

Revised: August 1, 2019

Policy No. 2-302

It is the policy of the College to maintain a drug-free environment. The College is committed to protecting the safety, health, and well-being of its employees, students, and all people who come into contact with its workplace/campus and property, and/or use its services. The College is committed to maintaining a healthy and safe environment that promotes respect for oneself and others, zero tolerance for disruptive behavior resulting from alcohol and other drug abuse, and compliance with the law. The policy is meant to encourage responsibility of individuals to themselves and each other, to establish procedures and guidelines consistent with local, state, and federal law, and to hold individuals responsible for actions that are in violation of this policy.

General

The College's drug-free campus policy is intended to apply to all employees, volunteers, and students while on College property, at College-sponsored events, and while conducting business for the College. It is a violation of this policy to use, possess, sell, trade, and/or offer for sale illegal drugs or intoxicants.

The College expects each student as well as all faculty and employees to obey federal, state, and local laws concerning alcoholic beverages. Students, faculty, and staff who are legally permitted to use alcohol may do so on College property only pursuant to this policy and are expected to do so in a way that does not bring discredit upon themselves or the College or interfere with the rights, freedoms, or safety of others.

The College encourages employees, students, and volunteers to seek help with drug and alcohol problems. However, nothing in this policy is intended to limit the College's ability to take action against employees, students, visitors, or volunteers who are in violation of this policy.

The College officials will cooperate with local, state, and federal authorities to ensure compliance with laws for unlawful use, possession, manufacture, distribution, or sale of illicit drugs or alcohol and will advise students and employees that convictions or violations of these laws can lead to fines and/or imprisonment.

Students

Students are not allowed to possess, distribute, or use alcoholic beverages on College property or at College programs, unless otherwise approved and scheduled as described later in this policy.

Students are not allowed to possess, distribute, use, or be under the influence of illegal drugs on College property or at College programs, even if that means that the student used the illegal drug off College property.

Students are not allowed to be under the influence of alcohol on College property or at College programs, unless otherwise approved and scheduled as described later in this policy, even if that means that the student drank the alcohol off College property.

Violation of this policy by a student may result in immediate suspension leading to possible dismissal. Suspected drug abuse must be reported immediately to the Director of Human Resources.

Any student who legally uses alcoholic beverages but does so in violation of this policy is subject to College disciplinary procedures.

Any student who illegally uses alcoholic beverages is subject to the jurisdiction of the civil authorities as well as College disciplinary procedures. The College defines its relationship with students in this area as non-custodial and stresses that there is no "special relationship" created by their status as students as it pertains to the law. The College will take no responsibility for any actions taken by students, faculty, or staff who have been drinking, whether on or off campus.

Lehigh Carbon Community College will ensure that all students will be able to comply with the various Email-related requirements as dictated by LCCC faculty and staff. Students are expected to check their Email on a frequent and consistent basis. Failure to check and read Email is not an acceptable excuse for non-compliance.

Your right to use this email service is personal to you and may not be transferred to other individuals. While you may use the college supplied Email account for personal communications be advised that the Email messages stored on the college supplied Email system are the property of Lehigh Carbon Community College and not the property of the Email account holder. No power to change any grade given to a student is vested in any other person or any judicial body established under this document.

1. A student who has concern about a grade is expected to discuss the matter informally with the course instructor, doing so as soon as possible after receiving the grade. (within 14 calendar days).
2. If the student is unsatisfied with the outcome of the discussion, the student may submit a formal grade appeal to the instructor which would include a request for a formal meeting.
3. The instructor shall respond within 7 calendar days indicating possible dates for the meeting. (The meeting should be held within 14 days of receiving the appeal.)
4. The instructor shall be willing to listen, to provide explanation, and be receptive to changing the grade if the student provides convincing argument for doing so.
5. The instructor will provide all evaluation tools that were used to assess the exam, project, paper, etc.
6. The instructor will have final decision and provide rationale in writing to the student within 14 calendar days of the discussion.

If a student is to pursue a grade appeal, the student must express their concerns and reason(s) for the appeal in a clear manner. The sticker number enables public safety officers to identify and notify the vehicle's owner in case of any problem with the vehicle. This registration can be done at the same time a student registers for class.

These alarms are utilized whenever the buildings are locked and closed to the public. While the College is open, the officer(s) conducts patrols throughout the buildings and grounds. The officer(s) on duty carry a cellular phone and a two-way radio. With this radio, the officer can receive any calls in order to make a quicker response or report any condition that may require assistance.

These sodium vapor lights are excellent exterior lights because they reduce the effect of fog and other bad weather conditions. The exterior lights are computer regulated and are scheduled to come on at dusk, and the majority of the exterior parking lot lights go off at 22:45 hours (10:45 p.m.). This time was chosen because everyone should be off the campus at this time. The area lights (these are lights that surround the buildings on campus) stay on all night long. This enables the officer on duty to visually inspect the building perimeters while on patrol.

Criminal Records

Lehigh Carbon Community College has an "open-door" policy, which means anyone can be admitted as a student.

All employees undergo a reference check prior to being hired. They must also reveal any prior criminal convictions on their application for employment.

Public Safety Jurisdiction

Public safety officers have the right to restrain and detain any individual on campus that is involved in a wrongdoing if the situation warrants it. The Public Safety officers do have the power of arrest. The arrest power lies under the heading of a “Private Complaint.”

The Department of Public Safety is currently staffed with thirteen uniformed officers. These officers are trained on a continuous basis. The training includes CPR certification, knowledge in Taser, MOAB, basic first aid, defensive tactics techniques and Act 235, The Lethal Weapons Training Act. The Lethal Weapons Training Act’s purpose is to provide for the education, training, and certification of privately employed agents who, as an incidence to their employment, carry lethal weapons through a program administered or approved by the commissioner of the Pennsylvania State Police.

Collaboration with Law Enforcement Agencies

The Department of Public Safety maintains a professional relation with the Pennsylvania State Police. We have Memorandum of Understanding with the Pennsylvania State Police to respond to LCCC Schnecksville campus. Since the main College campus lies within their jurisdiction, they are summoned whenever a situation requires their attention. The satellite sites of Lehigh Carbon Community College fall within the jurisdiction of the local municipal police department of that area. The satellite sites of the College include, but are not limited to, the following: a downtown LCCC Allentown site at the Donley Center; LCCC Tamaqua at the Morgan Center; and classes are offered at various high schools within the sponsoring districts. Department of Public Safety maintains a professional relation with all local law enforcement agencies that have jurisdiction for those sites. Memorandum of Understanding with each police jurisdiction for each site listed.

Crime Rates

The College and University Security Information Act (Act 73) requires that all Pennsylvania colleges and universities furnish students and employees with statistics regarding campus crimes, along with campus security practices.

Crime rates are indicators of reported crime activity standardized by population. They are more refined indicators for comparative purposes than are volume figures. The Uniform Crime Report (UCR) Program provides three (3) types of crime rates: offense rates, arrest rates, and clearance rates. We will be using the offense rate.

An offense rate, defined as the number of offenses per 100,000 population, is derived by first dividing a jurisdiction’s population by 100,000 and then dividing the number of offenses by the resulting figure.

A copy of the current crime statistics can be found in the brochure rack outside the Office of Public Safety and Security, or on the college website: www.lccc.edu.

Example:

- a. Population of jurisdiction: 7,983.
- b. Number of known specific offenses for jurisdiction for 2011.

Divide 7,983 by 100,000 = .07983

Divide 10 (thefts) by .07983 = 125.267

The offense rate for that specific offense is 198.37 per 100,000 people. The number .08570 can now be divided into the totals of any offense class to produce a crime rate for that offense.

The jurisdiction population for the college is based on student head count and full-time equivalent employees. (This population changes with every term.)

The implementation of this policy shall serve the purpose of protecting the College community, including minors, a purpose that is consistent with the purpose of the law. Nothing in this policy shall be construed to permit unlawful restriction of the rights of any individual nor shall it be construed to be or implemented in a manner that is punitive in nature.

The law requires that the Pennsylvania State Police notify the President of the College if the residence of a Sexually-Violent Predator or Sexually-Violent Delinquent Child is within 1,000 feet of the College campus. Upon receipt of such notification, the College shall disseminate the information provided about such individual to any and all individuals whose duties include supervision of or responsibility for students.

The Director of Facilities Management, Operations and Public Safety or designee shall be responsible for compiling and annually updating a list of such individuals. The list shall include, but not be limited to, administrators, faculty members, aids, security officials, groundskeepers, and drivers.

The Director of Facilities Management, Operations and Public Safety or designee shall, in the communication accompanying the dissemination of such information, include specific instructions regarding the individual's responsibilities, as set forth, below:

The individual may not publicly post the information or otherwise generally disseminate it further, nor may he or she impose punitive or restrictive requirements on the Sexually-Violent Predator without first consulting the Director of Facilities Management, Operations and Public Safety.

Where the Sexually-Violent Predator is not a student, the individual shall be required to immediately notify the VP for Finance and Administrative Services, or designee if the Director of Facilities Management, Operations and Public Safety is not available, of the Sexually-Violent Predator's presence.

Where the Sexually-Violent Predator is a student, the individual shall be required to immediately notify the Dean of Academic Support and Student Success, or designee if the Director of Facilities Management, Operations and Public Safety is not available, if the student appears to be without legitimate purpose or is otherwise creating concern for the safety of the students.

Upon receipt of such notification, the Dean of Academic Support and Student Success, or designee if the Director of Facilities Management, Operations and Public Safety is not available, shall promptly notify the local police if the Sexually-Violent Predator appears to be without a legitimate purpose or otherwise creates a concern for the safety of the students.

Where the Sexually-Violent Predator is a student or parent of a student, the Dean of Academic Support and Student Success may, but is not required to, meet with such parent or student to explain the procedures set forth in this policy.

Where a Sexually-Violent Predator is or will be present on campus and/or at a College function, the Director of Facilities Management, Operations and Public Safety should, wherever possible and to the extent practicable, establish protocols to ensure that the Sexually-Violent Predator is not alone with minors.

OMBUDSMAN

Adopted: February 2, 2017

Policy No. 4-210

The Ombudsman acts as an advocate for students, staff, or faculty members who have conflicts within the College. The intent is to resolve problems in a nonthreatening, unofficial environment. Individuals discuss problems with the Ombudsman in confidence. Names are revealed only when the person with the problem specifically gives permission, such as when a grade is in dispute, or when the student asks the Ombudsman to intervene on his or her behalf. The Ombudsman reports directly to the College President.

The majority of issues are brought to the Ombudsman by students who have conflicts with either professors or with the College administration. The Ombudsman investigates complaints, determines whether they have merit, and makes recommendations for action. The recommendations do not have to be accepted, but, historically, the majority of students, staff, and faculty have been cooperative and responsive to the Ombudsman.

Very often, a conflict arises because of miscommunication or misunderstanding. The function of Ombudsman is not to reprimand but, instead, to look for ways to improve a situation.

The Ombudsman can also answer questions regarding policies and procedures.

LCCC MyLink – Ombudsman, Student Support Hotline

Through MyLink, hireVision Group provides a support hotline for all students to communicate concerns or gain support for issues including but not limited to:

- Student policies and procedures,
- Academic issues, admission/enrollment questions or inquiries,
- Class/faculty issues,
- Student discipline,
- Campus life and student life,
- Communication issues

LCCC MyLink can be accessed through the LCCC Portal or through the dedicated LCCC MyLink phone line: 610-295-5168

PROTECTION OF PREGNANT, NURSING AND PARENTING STUDENTS

Adopted: February 2, 2017

Policy No. 4-212

The College supports pregnant and parenting students so that they may stay in school to complete their education, and thereby build better lives for themselves and their children. Complying fully with *Title IX of the Education Amendments of 1972*, Lehigh Carbon Community College is committed to full participation of students who are pregnant (or have been pregnant), nursing and parenting, in any part of an educational program, including specific classes as well as extracurricular programs and activities.

In response to notification of need, the College may implement special instructional programs or classes for pregnant students. Participation is completely voluntary on the part of the student, and any programs and classes offered will be comparable to those offered to other students with regard to the range of academic, extracurricular and enrichment opportunities.

The College considers pregnant students in the same way as a similarly situated student. Thus, the same services provided to students who have temporary medical conditions are also provided for pregnant students. When necessary, the College may make adjustments to the regular program, that are reasonable and responsive to the student's temporary pregnancy status.

A student who is pregnant or has recently given birth will be required to submit medical certification for college participation only if such certification is also required for all other students with physical or emotional conditions that require the attention of a physician.

The College will excuse a student's absences because of pregnancy or childbirth for as long as the student's doctor deems the absences medically necessary. When a student returns to college, she will return to the same academic and extracurricular status prior to the medical leave. The college may offer the student alternatives for making up missed work and the student should be allowed to choose from those alternatives.

Students who would like to request academic accommodations due to pregnancy can contact the Dean of Academic Support and Student Success.

(As relative, also refer to Incomplete Grade Policy, Policy for Withdrawal for Medical/Mental Health Reasons, and Withdrawal Policy for Students Receiving Financial Aid.)

To file a complaint regarding the implementation of this policy, contact the Director of Human Resources and Title IX/Equity Coordinator at 610-799-1107 or the Dean of Academic Support and Student Success at 610-799-1895.

RECORDING DEVICES IN THE CLASSROOM

Adopted: July 6, 2017

Policy No. 4-217

LCCC is committed to maintaining an accessible and appropriate educational environment that also promotes free discussion, inquiry, and expression by students. To that end, LCCC will allow the use of recording devices in the classroom in accordance with this policy. By virtue of this policy, all students, attendees, and faculty are placed on notice that, in the classroom setting, they may be subject to audio and/or video recording.

Recording: A video or audio replication or photographic image recorded on devices including, but not limited to, audio recorders, video recorders, cell phones, Smartphones, digital cameras, media players, computers, or other devices that record images or sound.

Under the following two circumstances only, LCCC will allow students to use recording devices in classroom: (1) Where the student has obtained in advance the express written permission of the classroom instructor; or (2) Where using a recording device has been granted as a reasonable accommodation, in accordance with the Americans with Disabilities Act ("ADA"). Where one of the above circumstances applies, the classroom instructor will inform the class that the class is being recorded by audio/video means, depending upon the nature of the request or need. The instructor should not reveal the name or other identifying information of the student using a recording device.

All students using recording devices must comply with the following rules:

1. Recordings must be used solely for the student's personal use in study and preparation for the class.
2. The student may only share the recordings with another student in the same class or with the student's academic tutor for the purposes of study and preparation for class and may not share the recordings with any other individuals, except where expressly permitted, in writing, by the instructor, or where necessary as a reasonable accommodation under the ADA.
3. Under no circumstances may the student post the recording on media of any kind.
4. The student may not sell the recording or receive any financial gain for the recording.
5. The student must destroy the recording when the recording is no longer needed for educational purposes.
6. The student must manage the recording device in a way that does not disturb others or disrupt the educational process.

A violation of this Policy may result in the loss of permission to use a recording device in the classroom. Depending on the nature and severity of the violation, a violation may constitute a violation of the Student Code of Conduct and, thus, result in disciplinary action.

SERVICE ANIMALS

Adopted: February 2, 2017

Revised: May 7, 2020

Policy No. 2-304

To establish guidelines for the proper use of service animals on College property or at College programs.

No personal pets/animals are permitted on College property or at College programs, except service animals, defined below. It is the policy of the College that service animals assisting individuals with disabilities are generally permitted in all facilities and programs, except as described below.

Definitions

"Service animal" is defined by the Americans with Disabilities Act, as amended (ADA), as any guide dog, signal dog, or other dog and miniature horse trained to do work or perform tasks for the benefit of an individual with a disability, including, but not limited to: guiding individuals with impaired vision; alerting individuals with impaired hearing to intruders or sounds; providing minimal protection or rescue work; pulling a wheelchair; or fetching dropped items (28 Code of Federal Regulations (CFR) Part 36, Subpart A – General, 36.104 Definitions). The service animal should be individually trained to do the work or perform tasks for the benefit of an individual with a disability.

If they meet this definition, animals are considered service animals under the ADA, regardless of whether they have been licensed or certified by a state or local government.

General

Service animals accompanying individuals with disabilities, including visitors, staff/employees and students are welcome on College campus, except in situations determined to apply as stated in "Modification of Access" of Service Animal" below. Specific questions related to the use of service animals by visitors can be directed to the Office of Public Safety.

The College shall not require an owner or handler of a service animal dog to pay an extra charge for the animal to attend events for which a fee is charged.

In situations where it is not obvious that an animal is a service animal, staff may ask only two specific questions: (1) is the animal required because of a disability? and (2) what work or task has the animal been trained to perform? Staff is not allowed to request any documentation for the animal require that the animal demonstrate its task, or even inquire about the nature of the person's disability.

Service animals must comply with all applicable Pennsylvania dog laws. Information related to licensing, ID tags, vaccinations, rabies, and other requirements under Pennsylvania Dog Law can be found at: http://www.animallaw.info/statutes/stuspa3ps459_502.htm. Additionally, service animal owners/handlers are responsible for knowing and complying with applicable local ordinances with respect to the service animal.

Under Control: The owner/handler of a service animal must be in full control of the animal at all times. **Leash:** The service animal must be under handler control at all times. The handler may use a leash, harness or tether, unless either the handler is unable because of the disability to use a

harness, leash, or other tether or the use of a leash, harness, or tether would interfere with the service animal's safe, effective, performance of work or tasks.

Cleanup Rule: The owner/handler of a service animal must ensure cleaning up of any College property the animal might soil. The animal must be housebroken. The care and supervision of a service animal is solely the responsibility of owner/handler.

Service Animals in Training: Under Pennsylvania law, trainers of service animals, are entitled to equal access and treatment in all public accommodations without discrimination.

If non-service animals are needed for class purposes, written permission must be granted by the dean with a copy of the request given to the Department of Human Resources.

Miniature Horse

Individuals with disabilities who are requesting to have a miniature horse serve as a service animal should forward such request to Director of Facilities Management, Operations and Public Safety. In making a decision regarding such request, the Director of Facilities Management, Operations and Public Safety shall consider the following four factors as a reasonable accommodation:

- (i) Whether the facility can accommodate miniature horse features;
- (ii) Whether the handler has sufficient control of the miniature horse;
- (iii) Whether the miniature horse is housebroken; and
- (iv) Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

Modification of Access of Service Animal

A service animal may be removed or prohibited from a College facility or program if the animal's behavior or presence poses a direct threat to the health or safety of others. For example, a service animal that displays vicious behavior towards people may be excluded. If an animal is properly excluded, the individual with a disability will be given the opportunity to participate in the service, program, or activity without the service animal on the premises, with the provision of auxiliary aids or services, if necessary.

When there are questions concerning the modification of access of the service animal and/or fundamental alterations to the nature of a program or activity as a result of the service animal's presence, the following individuals should convene to determine a plan of action. Representatives should include Disability Support Services, service animal owner, impacted division/department, and Public Safety. Examples of access issues may include, but are not limited to: research labs, areas requiring protective clothing, food preparation areas, and animal research labs.

Questions related to the use of service animals on campus should be directed to the Director of Facilities Management, Operations and Public Safety at 610-799-1169, the Learning Specialist for Accessibility and Special Programs office at 610-799-1579, or Director of Human Resources at 610-799-1107.

SEXUAL MISCONDUCT

Adopted: February 2, 2017

Revised: June 4, 2020

March 2, 2023

Policy No. 2-610

The College strives to eliminate sexual violence and harassment on campus, prevent its occurrence, and address its effects. This Policy describes how the College responds to sexual misconduct and how the College seeks to provide a prompt, fair and equitable response to complaints in accordance with Title IX.

This policy is designed to ensure compliance with the provisions of Title IX of the Education Amendments of 1972 ("Title IX"), 20 U.S.C. Sec. 1681, et. seq., which prohibits discrimination on the basis of sex in the course of any federally funded educational program or activity, the Violence Against Women Reauthorization Act of 2013 ("VAWA") and its attendant Campus SaVE Act provisions ("Campus SaVE"). Sexual harassment and sexual violence are forms of sex discrimination prohibited by Title IX. Title IX also prohibits retaliation against individuals for making or participating in complaints of sex discrimination.

This policy provides information regarding the College's education, prevention, and response efforts related to sexual misconduct, including descriptions of prohibited conduct, options to report misconduct (including confidential options), the process for resolving complaints, possible remedies and sanctions, and on and off-campus resources.

Additional information on the College's procedures for reporting and obtaining assistance in the event of sexual violence, stalking, domestic violence, or dating violence, can also be found on the Sexual Assault Procedures link on the College's Public Safety web page.

PROHIBITED CONDUCT

Pursuant to this policy, the College prohibits all forms of sexual misconduct, including but not limited to, discrimination on the basis of sex, sexual harassment, sexual assault, sexual violence, domestic violence, dating violence, and stalking ("Prohibited Conduct"), whether directed to a member of the College community or someone outside the College community. Such conduct by a College student, employee, Trustee, or third party (including visitors, guests, vendors, and contractors) is a violation of College policy.

This Policy applies to students, employees, Trustees, and third parties, including but not limited to visitors, guests, vendors, and contractors, and it applies to conduct that occurs:

1. On campus or on property owned, controlled, used or managed by the College;
2. Off-campus in the context of College employment, education, programs or activities; and/or
3. Off-campus or online outside the context of a College program or activity but affects a substantial interest of the College.

Jurisdictional assessments are made by the Title IX Coordinator and/or designee with other appropriate officials of the College and/or legal counsel.

Consent

A person is incapable of giving consent if that person is under the age of 16 or age of consent as established by law, incapacitated due to the influence of drugs and/or alcohol, or mentally disabled. Additionally, consent may be withdrawn during the course of a sexual encounter, such that the encounter would thereafter constitute sexual misconduct, if continued.

Consent under Title IX is clear, knowing, voluntary, and expressed permission through verbal or overt physical actions prior to engaging in, and during, a sexual act. Other aspects of consent as defined by Title IX include: Consent for one sexual activity does not imply consent to other sexual activities;

- **Affirmative consent:** Did the person express overt actions or words indicating agreement for sexual acts?
- **Freely given consent:** Was the consent offered of the person's own free will, without being induced by fraud, coercion, violence, or threat of violence?
- **Capacity to consent:** Did the individual have the capacity, or legal ability, to consent?

Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, type of relationship, and frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse but does not include acts covered under the definition of domestic violence.

Discrimination on the Basis of Sex

Illegal under both federal and state law and is strictly prohibited by the College. Discrimination based on sex, which includes gender, gender identity, gender expression, and sexual orientation or other protected class under local, state or federal law, can be manifested by unequal access to educational programs and activities on the basis of sex, unequal treatment on the basis of sex in the course of conducting those programs and activities, or the existence of a program or activity that has a disparate impact on participation, improperly based on the sex of the participants.

Domestic Violence

A felony or misdemeanor crime of violence committed by either a current or former spouse or intimate partner of the victim, a person with whom the victim shares a child in common, a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, a person similarly situated to a spouse of the victim under the domestic or family violence laws of this jurisdiction receiving grant monies under VAWA, or by any other person against a youth victim or adult who is protected from that person's acts under the domestic or family violence laws of this jurisdiction.

Sexual Assault

A forcible or non-forcible sex offense under the Uniform Crime Reporting System of the FBI and/or as defined under any State law.

Sexual Harassment

A form of sex discrimination that is illegal under both federal and state law and is strictly prohibited by the College. Unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature constitute sexual harassment when:

1. Submission to such advances, requests or conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic advancement or participation in College programs or activities, or is used as a basis for employment or academic decisions affecting the individual; or
2. Rejection of such advances, requests or conduct affects a term or condition of an individual's employment or academic advancement or participation in College programs or activities, or is used as a basis for employment or academic decisions affecting the individual; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work, academic performance, education, or participation in College programs or activities, or of creating an intimidating and/or hostile, work or academic environment

Sexual Violence

A form of sex discrimination that is illegal under both federal and state law and is strictly prohibited by the College. Sexual violence is defined as physical sexual acts conducted either against a person's will or where a person is incapable of giving consent, including but not limited to: rape, sexual assault, sexual battery, sexual coercion, dating violence, domestic violence, stalking and sexual violence based on the intentional selection of a victim based on criteria related to the victim's national origin, ethnicity, gender identity, gender presentation, or sexual orientation.

Stalking

Entails engaging in a course of conduct or repeated acts directed at a specific person, which would cause a reasonable person to: fear for their safety or the safety of others; or to suffer substantial emotional distress. For the purposes of the definition of stalking, "course of conduct" is defined as two or more acts including but not limited to acts in which the stalker directly, indirectly, or through a third party, by any action, device, method, or means, follows, observes, monitors, and/or surveils, the person or property of the victim. "Reasonable person" is defined as a reasonable person under similar circumstances to the victim. "Substantial emotional distress" means significant mental anguish or suffering that may, but does not necessarily, require medical or other professional treatment or counseling.

Reporting

All complaints of sexual misconduct, including sexual harassment, discrimination on the basis of sex, sexual assault, sexual violence, domestic violence, dating violence, and stalking, shall be brought to the immediate attention of the Title IX Coordinator for the College. The Title IX Coordinator for the College is the Director of Human Resources who may be reached at 4525 Education Park Drive, Schnecksville, PA 18078. Room 106 in the Student Services Center. The Title IX Coordinator may be reached by telephone at 610-799-1107.

The College has established an online reporting system to receive complaints of sexual harassment and sexual violence. The online reporting system permits anonymous reports and is found at: <https://www.lccc.edu/about-lccc/safety-and-security/sexual-harassment-and-sexual-violence-anonymous-on>

Reports that are submitted through the online system shall be investigated through the process established in this policy.

In the event of an emergency, or an off-hours situation, reports shall be made to the Department of Public Safety by calling 610-799-1169. The Department of Public Safety must promptly report the incident to the Title IX Coordinator for further action pursuant to the terms of this policy.

The College has an affirmative duty pursuant to Title IX, VAWA, and the Campus SaVE Act to take immediate and appropriate action once it knows, or reasonably should have known, of any act of sexual misconduct in any of its educational programs and activities. The College will act on any complaint of sexual misconduct in order to resolve such complaints promptly and equitably.

Complainants who make good faith complaints are protected from retaliation pursuant to Title IX, VAWA and the Campus SaVE Act, this policy, the College's policy against Sexual Harassment, and the College's Whistleblower Policy. Any retaliation against an individual who made a complaint or retaliation against an individual for cooperating with an investigation of a complaint, is a violation of this policy.

The College strongly encourages witnesses and/or victims to report incidents that may violate this policy. Therefore a witness or victim who reports an incident in good faith will not be

sanctioned by the College for admitting in the report to a violation of the College's student conduct policy on the personal use of drugs or alcohol.

Trustee, Employee and Student Responsibilities

Each Trustee, employee and student of the College is responsible as follows:

1. For ensuring that they do not engage in conduct that violates this policy.
2. For immediately reporting possible violations of this policy to the immediate attention of the Title IX Coordinator or, in the event of an emergency or for a report made after regular business hours, the Director of Public Safety, who will in turn immediately notify the Title IX Coordinator.
3. For cooperating in the investigation of possible violations of this policy.

Designated Responsible Employees

Individuals further designated as "Responsible Employees" at the College are required, when first contacted by a complainant, to inform the complainant of the Responsible Employee's duty to report any complaint of sexual misconduct directly to the Title IX Coordinator; to inform the complainant of the options for filing complaints with the College, Law Enforcement, or both; and to assist the complainant in obtaining counseling and medical services where appropriate, particularly if the preservation of evidence could be a concern. Responsible Employees include the President, all Vice-Presidents, Deans/Associate Deans, Directors, Program Directors, Teaching/Service Faculty, Coaches, Coordinators, and Advisors, Student Club Advisors, in addition to any employee from Human Resources, Campus Safety, and Student Affairs.

A report to a Responsible Employee is a report to the College. It obligates the College to investigate the report and it obligates the College to take all appropriate steps to address the situation, prevent its recurrence, and remedy its effects.

Title IX Grievance Procedure

Upon receiving a complaint, depending on the attendant facts and circumstances, the Title IX Coordinator will immediately contact agencies and organizations to effect immediate relief, care, and support for the complainant and/or the victim in any given case including but not limited to:

1. The closest, competent health care facility
2. The Police Department and Campus Public Safety
3. The Dean of Academic Support and Student Success or designee
4. The Employee Assistance Program (EAP)
5. Crime Victims Council of the Lehigh Valley; 801 Hamilton St., Ste. 300, Allentown, PA 18101 (610-437-6610)

Anyone who believes that they have encountered sexual misconduct, including sexual harassment, discrimination on the basis of sex, sexual assault, sexual violence, domestic violence, dating violence, or stalking as prohibited by this policy is advised to preserve all evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.

The Title IX Coordinator will enable a prompt, fair, and impartial investigation into any allegation of sexual misconduct or retaliation, by trained investigators, so as to enable a prompt and equitable response under all circumstances and in a fair and expeditious manner. The College may not fail or refuse to investigate an anonymous report because it is anonymous.

The investigation will be completed within 15 work days of receipt of the complaint by a trained and designated investigator for the College, unless the timeframe must be extended for good cause by the Title IX Coordinator. The Title IX investigator will allow the parties to present witnesses and other evidence during the investigation. The investigation will continue whether or not the complaint is also being investigated by another agency or law enforcement unless the Title

IX investigation would impede law enforcement's investigation. If the investigation is suspended during an investigation by law enforcement, the College will implement interim steps to protect the complainant and/or victim's safety.

As an immediate priority, care will be taken to ensure the safety and well-being of the complainant and/or victim, and to exercise all precautionary measures to prevent a repeat of the alleged incident of sexual misconduct. Accordingly, interim measures, including but not limited to temporary suspension, may be implemented pending a hearing on the matter.

The Title IX Coordinator will inform the complainant in a case of sexual violence, dating violence, domestic violence, sexual assault or stalking, of the right to file a criminal complaint. In all cases of allegations of sexual misconduct between parties who are members of the College community, a Title IX hearing will be conducted following the conclusion of any investigation into the matter. Pursuant to a Title IX hearing, both parties will have the right to review all evidence and investigative reports beforehand, to have advisors present, and to present their version of the facts and circumstances surrounding the alleged incident of sexual misconduct. Care will be taken to preserve the rights of complainants of sexual misconduct to privacy without sacrificing the rights of respondents to due process. The Title IX Coordinator will conduct a hearing based on the alleged incident(s) of sexual misconduct and a determination of culpability will rest on the evidence presented and reviewed, using a "preponderance of the evidence" (i.e., more likely than not) standard of proof. Upon completion of the investigation and Title IX hearing, any case of sex misconduct or retaliation will be referred to the appropriate administrative division's Vice-President for further prompt and equitable proceedings, commensurate with the recommendation and findings of the Title IX Coordinator.

The entire process, from complaint to recommendation for resolution, should be conducted in a prompt and equitable manner, and should be completed no later than 45 work days from receipt of a complaint. Extensions may be granted under extenuating circumstances, upon review by the Title IX Coordinator.

Upon completion of the investigation, and a Title IX hearing, the appropriate area Vice-President shall notify both complainant and respondent of the findings and recommendations of the Title IX Coordinator, shall accept or modify the recommendations as appropriate, and notify both complainant and respondent of the decision to accept or otherwise modify the recommendations of the Title IX Coordinator, simultaneously and in writing. The entire process, from complaint to notification of resolution by the appropriate Vice President, should not exceed 60 days, subject to the potential additional investigative time addressed above.

Disciplinary Action

In the event that the investigation reveals that sexual misconduct, including but not limited to, sexual harassment, discrimination on the basis of sex, sexual assault, sexual violence, domestic violence, dating violence, and stalking, retaliation or other inappropriate or unprofessional conduct (even if not unlawful) has occurred on campus, further action will be taken, including disciplinary action, such as but not limited to reprimand, change in work assignment, loss of privileges, mandatory training or suspension, and/or immediate termination. If it is determined that inappropriate conduct has occurred on campus, the College will act promptly to prevent future occurrences of the offending conduct, and, where appropriate, the College will also impose disciplinary action, in accordance with the Code of Student Conduct.

Confidentiality

As it relates to all complaints, all actions taken to investigate and resolve complaints through this procedure shall be conducted with as much privacy, discretion, and confidentiality as possible without compromising the thoroughness and fairness of the investigation. All persons involved are to treat the situation with respect. To conduct a thorough investigation, the Investigator(s) may

discuss the complaint with witnesses and those persons involved in, or affected by, the complaint, and those persons necessary to assist in the investigation or to implement appropriate disciplinary actions. For purposes of Clery Act reporting and recordkeeping, the complainant's personally identifying information will not be disclosed.

In the event that a member of the College community requests complete confidentiality and anonymity about witnessing or experiencing an act of sexual misconduct, including but not limited to, sexual harassment, discrimination on the basis of sex, sexual assault, sexual violence, domestic violence, dating violence, or stalking, the College will refer that individual to the Crime Victims Council of the Lehigh Valley; 801 Hamilton St., Ste. 300, Allentown, PA 18101 (610-437-6610) or other licensed counseling professionals to whom the legal privilege of confidential communications attaches. The College has an ongoing relationship with victim services whereby a member of the College community may speak with victim services, or in the case of an employee, also with someone through the College's Employee Assistance Program.

While respecting the request for confidentiality and privacy on the part of the complainant, the Title IX Coordinator or the Responsible Employee to whom the inquiry is made, will also inform the individual of their options with respect to reporting the incident and/or lodging a police report, and as to the availability of professional counseling resources. As noted elsewhere, the Responsible Employee has the further duty of reporting the incident directly to the Title IX Officer or the Director of Public Safety, who in turn will immediately contact the Title IX Officer.

Along with the responsibilities of the Title IX Coordinator outlined above, the Title IX Coordinator will further inform the complainant who requests anonymity that, to the greatest extent possible, the request for confidentiality, particularly with regard to the identity of the complainant, will be honored. However, the Title IX Coordinator will also be clear that the College makes the ultimate determination as to what should be disclosed regarding the facts and circumstances of the case, in the best interests of the complainant's own future safety, as well as the safety of the College community as a whole.

Upon completion of the investigation, the individual(s) who made the complaint and the individual(s) against whom the complaint was made will be advised of the results of the investigation in writing and, where a remedy is determined to be appropriate, to inform the parties of the steps that will be taken to remedy the situation.

Appeal

Either party may file an appeal of any decision concerning the resolution of the Title IX investigation. An appeal must be made in writing to the office of the Title IX Coordinator within 15 work days of receipt of the notice of resolution of the matter. The written appeal must state, in detail, the reason(s) for the appeal and shall address one or more of the following:

1. If the appeal alleges that the findings of the investigator included relevant factual errors or omitted relevant facts, the appeal shall specify each factual error and/or details of each relevant fact that was omitted from the investigation.
2. If the appeal alleges substantive procedural errors, the person appealing shall identify each instance of said substantive procedural error.
3. If the appeal alleges relevant or substantive issues or questions concerning interpretation of College policy, the person appealing shall state, in detail, the issues or questions supporting this allegation.
4. If the appeal alleges that new information or evidence exists, the appeal shall specify the reason why this information was not available or not provided to the Investigator during the course of the investigation, including the reason why the information could not have been provided on a timely basis.

5. If the appeal alleges either that action or inaction of the supervisor in response to the findings of the investigation will not prevent future violations of this policy, the person appealing will specify, in detail, the reason(s) and basis for this allegation.
6. No disciplinary or other action based upon the original complaint findings shall be taken against the alleged offender during the appeals process, although temporary, interim measures may remain in place. The appeal process will be conducted in an impartial manner by an impartial decision maker.

No Retaliation for Filing a Complaint of Sexual Harassment or Unlawful Discrimination

The College or an officer, employee, student, or agent of the College, may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision described in this policy. Retaliation against any individual for making a complaint of sexual misconduct, including but not limited to, sexual harassment, discrimination on the basis of sex, sexual assault, sexual violence, domestic violence, dating violence, or stalking, or for assisting in the investigation of such a complaint is a violation of this policy and will not be tolerated. Any acts of retaliation will be subject to disciplinary action. For students, discipline may include a loss of privileges, suspension, expulsion, or other sanction(s) in accordance with the College's Student Code of Conduct. For employees, discipline may include reprimand, change in work assignment, loss of privileges, mandatory training or suspension, termination or other sanction(s) in accordance with the College's Policies & Regulations Manual.

False Accusations

Anyone who knowingly makes a false accusation of sexual misconduct or retaliation will be subject to appropriate sanctions which may include, but are not limited to, written warning, demotion, transfer, suspension, dismissal, expulsion, or termination.

College Investigators of Complaints of Sexual Misconduct

The following individuals are designated as those persons charged with coordinating the College's implementation of this policy, and investigating complaints of sexual misconduct or retaliation for the College:

1. Director of Public Safety
2. Dean of Academic Support and Student Success or designee
3. Director of Human Resources

These Investigators may be contacted to initiate an investigation under the policy or to answer questions regarding this policy. The College also reserves the right to retain an outside investigator(s) to investigate complaints regarding violations of this policy.

Where a complainant or the respondent believes that the investigator has a substantial conflict of interest that might impair their ability to conduct a fair and impartial investigation of the allegations, details supporting the alleged conflict of interest must be submitted, in writing, to the VP for Finance and Administrative Services, Finance Office, 610-799-1740 within five (5) work days of receiving notice of the identity of the investigator. A determination will be made about the existence of a conflict of interest and, if such a conflict is found to exist, an alternative investigator will be appointed as expeditiously as possible. In the event that a request is made and an alternate investigator must be appointed, any specific timeline provided for in the complaint procedure shall be suspended pending the determination and/or appointment.

Education and Training

The College is committed to ensuring both preventive and responsive training and relevant educational opportunities for all members of the campus community in the area of sexual misconduct. STUDENT RECORDS

Adopted: February 2, 2017

Revised: September 7, 2017

February 3, 2022

February 2, 2023

Policy No. 2-708

The Family Educational Rights and Privacy Act (FERPA) of 1974 is a federal law that protects the privacy of student education records. The College is committed to maintaining the privacy of student education records in compliance with FERPA.

All employees of the College (administrative, faculty, staff and student workers) are required to abide by the policies governing review and release of personally identifiable information ("PII"), as defined by FERPA, from student education records. FERPA mandates that information contained in a student's education record must be kept confidential and outlines the procedures for review, release and access of such information. Student records are available to School Officials as defined below employees who have a legitimate educational interest in the receipt of the information.

Directory Information. The College has established the following as Directory Information:

1. Student's name.
2. Degrees and awards received.
3. Expected date of completion of degree requirements and graduation.
4. Dates of attendance.
5. Participation in officially recognized activities and sports.
6. Weight and height of members of athletic teams.
7. Major field of study.
8. Degree sought or completed.
9. Full- or part-time enrollment status.

School Official. A "school official," for the limited purposes of this policy, includes a person employed by the College in an administrative, supervisory, faculty, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the College who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks.

Release of Student Educational Records

The Director of Records and Registration is the only person who can release directory information. Directory Information may be released by the College without prior notification of or permission by the student unless students request that Directory Information concerning them not be released by submitting a completed "Authorization to Withhold Directory Information" according to the procedures published on the College website. The Form should be completed annually, and will remain in effect each year until the student notifies the Registration/Student Records Office in writing of their wish to release Directory Information. If the student submits the Authorization to

Withhold Directory Information, a "confidential flag" denoting such a request will appear on the student record, noting the specific information to which the opt-out pertains. No Directory Information with such flag may be released by any College employee except as pursuant to the student's express written consent or as otherwise permitted or required by law. The College does not sell student information or otherwise make directory information available for the College's own commercial gain.

A student's PII may be disclosed to a school official with a legitimate educational interest in the information unless otherwise permitted or required by law.

In addition, FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student:

1. To other school officials, including teachers, within the College whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
2. To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
3. To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the College's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
5. To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
6. To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
7. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
8. To comply with a judicial order or lawfully issued subpoena. (§ 99.31(a)(9))
9. To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
10. Information the school has designated as "directory information" under § 99.37. (§ 99.31(a)(11))

11. To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§ 99.31(a)(13))
12. To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§ 99.31(a)(14))
13. To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§ 99.31(a)(15))

Examples of inappropriate use of student records are:

1. Accessing or reviewing a student's record by a College employee without a legitimate educational interest.
2. The release of personally identifiable student information (non-directory) by a school employee to another student, College organization, or person who does not have a legitimate educational interest in such information or to parents or legal guardians who do not have evidence that they declare the student as a dependent on their most recent Federal Income Tax form based on the Internal Revenue Code of 1954, Section 152.
3. Inadvertent disclosure of student records by school employees by leaving reports or computer screens containing confidential student information in view of others who are not school officials with a legitimate educational interest in the data.
4. The use of student information by a College employee for personal purpose.
5. Discussing the personally identifiable information contained in the student record with individuals who are not school officials with a legitimate educational interest in the information.

Under no circumstances should an employee provide personally identifiable information about students to any other students, to other employees, or to any person who has not been authorized to receive such information by virtue of their position or through specific authorization of their departmental supervisor. Although directory information may be released without prior consent, all requests for directory information coming from students or from anyone off campus should be referred to the Director of Records and Registration.

Right of Access and Review of Records

Students have the right to inspect and review their educational records, except as otherwise prohibited by law. This right may be exercised by submitting a written request to the custodian of the specific records to which access is desired. Each custodian is responsible for requiring proper identification of the student making the request about their records. In the event that the individual from whom the student is seeking the records is not, in fact, the custodian of such records, such individual shall advise the student of the correct official to whom the records request should be addressed. If unknown, the student should be directed to the Director of Records and Registration. Custodians shall provide access to such records within twenty (20) work days of such request. General requests to review and inspect all College records related to a student shall be made directly to the Director of Records and Registration. The Director of Records and Registration shall then have up to forty-five (45) work days to make the records available.

Right to Challenge Content of Records

A student may challenge the accuracy of the student's educational records maintained by the College on the grounds that the records are inaccurate, misleading or otherwise violate the student's rights of privacy. Students who wish to exercise these rights should file a written request with the custodian of the records in question. Appeals regarding their decisions should be made to the Dean of Academic Support and Student Success. All decisions made by the Dean of Academic Support and Student Success on appeal are final. Students who challenge a particular record have a right to attach a written statement to such record, pursuant to the law, where the College does not grant a student's request for modification/destruction of a particular record. Such written statement shall be attached to the challenged record and maintained as an attachment as long as the originally-challenged record is maintained. Any disclosure of such record must also include a disclosure of the attached statement.

FERPA Violations

Students are encouraged to report any violations this policy and/or their rights under FERPA and seek redress from College officials responsible for the area in which the violation occurred. In addition, complaints regarding violations of rights accorded students by Section 438 of the Privacy Rights of Parents and Students Act or the regulations, may be submitted to the Federal Family Policy and Compliance Office. Such allegations must be submitted in writing.

In the event that a violation occurs:

1. The FERPA officer on campus, Director of Registration and Student Records (or Assistant Director in absence of the Director) will investigate the violation. The following individuals will be contacted immediately:
 - Vice President of Academic Services and Student Development
 - Vice President of Enrollment Management
 - Director of Human ResourcesThe appropriate offices will be contacted to assist with mitigating the violation.
2. The FERPA officer will notify the affected student(s) or individuals and document the disclosure in the students' academic record explaining:
 - The extent of the breach and which records were affected (ID#, SSN, grades, etc.)
 - What actions have been (or need to be) taken to secure their information
 - What steps the student may take to file a complaint
3. Establish a plan of corrective action to make every attempt to avoid a similar breach in the future. Correction actions might include some or all of the following:
 - College email reminder of campus policies on privacy as well as FERPA regulations to parties involved in the breach
 - College email of best-practices to parties involved in the breach
 - Instruct the parties involved in the breach to retake the institutional FERPA training required of all employees.
 - Instruct department(s)/office(s)/parties to attend a meeting with the institutional FERPA compliance Office (or agent) to discuss
 - Review of all internal office/department processes and practices to assure privacy compliance.
4. The FERPA officer will complete a brief violation report and include:
 - What protected information was released and which students?
 - When did it happen?
 - Where did it happen?
 - Who released it? Who had access to it?

- Which parties have been notified? (Attach copies of those communications.)
- What corrective action is being done to prevent this in the future?

The violation report will be kept on file in the Office of Registration and Student Records.

Employee Guidelines

All faculty/instructional employees are also required to be familiar with the College's procedural handout titled "FERPA Basics for Faculty/Instructional Staff."

This policy is in addition to the requirements of the College Policy regarding Records Management.

TECHNOLOGY GUIDELINES

TECHNOLOGY – ACCEPTABLE USE OF ELECTRONIC COMPUTING RESOURCES

Adopted: February 2, 2017

Policy No. 2-500

Acceptable Use of Electronic Computing Resources

The College strives to maintain access for its faculty, staff, students, and administrators to local, national, and international sources of information and to provide an atmosphere that encourages sharing of knowledge, the creative process, and collaborative efforts. Users are entitled to use the College's computing resources only for purposes related to their studies, their instruction, the discharge of their duties as employees, their official business with the College, and other College-sanctioned activities. Use of the College's electronic resources for illegal, inappropriate, unacceptable, or unethical purposes is prohibited. Access to electronic information systems at the College is a privilege, not a right, and must be treated as such by all users of these systems. The College reserves the right to deny access to prevent unauthorized, inappropriate or illegal activity, and may revoke access and/or administer appropriate disciplinary action.

This policy applies to all users of College computing resources, whether affiliated with the College or not, and to all of those resources, whether on campus or from remote locations. This policy is in effect any time College resources are accessed whether on College property, at College events, connected to the College's network, when using mobile computing equipment, telecommunication facilities in unprotected areas or environments, directly or indirectly through another ISP, and if relevant, when a user uses their own equipment.

General

All users must act responsibly and maintain the integrity of these resources. The College reserves the right to limit, restrict, or extend computing privileges and access to its resources. The College expects individuals to be careful, honest, responsible, and civil in the use of computers and networks. All users must respect the rights of other computer users, respect the

integrity of the physical facilities and controls, and respect all pertinent license and contractual agreements related to College information systems.

Compliance with Applicable Laws, Rules, Policies, Contracts, and Licenses

During use, all users of College computing resources must comply with all federal, state and other applicable laws; must comply with all applicable College rules and policies; and must comply with all applicable contracts and licenses. The College does not condone any infringement of copyright law or the illegal duplication of software.

Obtaining Proper Authorization(s) for Use

Users are solely responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Users shall use only those computing resources that are authorized for use and use them only in the manner and to the extent authorized. The ability to access computing resources does not, by itself, imply authorization to do so. To avoid unauthorized use, all users should "lock" their computer when leaving their desk.

Accounts and Passwords

Accounts and passwords are exclusive to individual users and may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the College.

Privacy

Users must respect the privacy of other users and their accounts, regardless of whether those accounts are securely protected.

Prioritization of Computing Resources Uses

The College reserves the right to restrict or limit usage of lower priority systems and computer uses when network and computing requirements exceed available capacity.

Resources are Finite

Users must respect the finite capacity of those resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activities of other users. The College may, in its sole discretion, require users to limit or refrain from specific uses in accordance with this principle.

Use of College Computing Resources for Personal Gain

Users shall refrain from using College computing resources for personal commercial purposes or for personal financial or other gain. Incidental personal use of College computing resources for other purposes is permitted when it does not consume a significant amount of those resources, does not interfere with the performance of the user's job or other College responsibilities, and is otherwise in compliance with this policy. Further limits may be imposed upon personal use in accordance with normal supervisory procedures.

The College's Right to Limit Use

The College reserves the right to implement technologies to manage computing resources such as disk space, network bandwidth utilization, and print privileges as it sees fit to maintain a cost effective, supportable computing environment or if legally required to do so.

Enforcement

Users who violate this policy may be denied access to College computing resources and may be subject to other penalties and disciplinary action, both within and outside of the College. The College may refer suspected violations of applicable law to appropriate law enforcement agencies. If the alleged incident is determined to be of a criminal nature, local or state police will be contacted, regardless of whether the alleged perpetrator is an employee, student, or visitor.

The College may temporarily suspend or block access to an account prior to the initiation or completion of such procedures when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of the College or other computing resources or to protect the College from liability or from a violation of law. The College will cooperate to the extent legally required with the internet service providers, local, state and federal officials in any investigation concerning or related to the misuse of the College's electronic resources.

Security

The College employs various measures to protect the security of its computing resources and of their users' accounts. The College has the right, but not the duty, to inspect, review, or retain all information created, sent, displayed, received, or stored on or over its electronic communication systems. Users should be aware, however, that the College does not guarantee such security and that all users are solely at their own risk when using the computer resources. Therefore, users should engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. All users are required to safeguard user IDs and passwords assigned to them for various systems. Sharing of passwords is strictly prohibited.

Privacy

Users should be aware that their uses of College computing resources are not private. While the College does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the College's computing resources requires the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendering of service. The College retains the right to specifically monitor the activity and accounts of individual users of College computing resources, including individual login sessions and communications, without notice, when at least one of the following conditions has been met:

1. The user has voluntarily made them accessible to the public, as by posting to a web page
2. It reasonably appears necessary to do so to protect the integrity, security, or functionality of College or other computing resources or to protect the College from liability or an alleged violation of law
3. There is reasonable cause to believe that the user has violated, or is violating, this policy
4. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
5. It is otherwise required or permitted by law

The College, at its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate College personnel or law enforcement agencies and may use those results as the College solely deems appropriate.

Reporting Misuse

Any allegations of misuse of the College's electronic resources should be promptly reported to the Director of Human Resources. Allegations of misconduct will be adjudicated according to established procedures. Sanctions may include, but are not limited to, loss of email access, disciplinary action, termination of employment or other legal action according to applicable laws and contractual agreements.

Disclaimer

The College makes no warranties of any kind, either expressed or implied, that the functions or the services provided by or through the College's communication systems will be error-free or without defect. The College does not warrant the effectiveness of Internet filtering. The College does not endorse the quality or accuracy of information available to users electronically. The College shall not be responsible for any damage users may suffer, including but not limited

to information that may be lost, damaged, delayed, misdelivered or unavailable at any time. The College shall not be responsible for any financial obligations, charges, or fees resulting from individual access to the College's electronic communication systems. The College does not assume liability for direct and/or indirect damages arising from the use of its electronic communication systems. Users are solely responsible for the content they create and disseminate. The College is not responsible for any third-party claim, demand, or damages arising out of use of the College's electronic communication systems or services.

TECHNOLOGY – TEXT MESSAGING

Adopted: November 2, 2023

Policy No. 3-241

The College utilizes a number of methods to share information with the community, including the myLCCC Portal, external website, emails, and printed materials. Text messaging is intended to supplement the College's communications strategy, and this policy is provided to ensure compliance with applicable statutory regulations, including the Telephone Consumer Protection Act and rulings from the Federal Trade Commission (FTC).

Text messages when utilized by the College must relate to personnel and student health and safety, and student success, recruitment or enrollment initiatives. This policy applies to individual or mass/systematic texting to prospective and currently enrolled students along with currently employed administrators, faculty and staff.

Text messaging can be used by authorized college officials to relay information that is time sensitive and necessary for student success and safety about cancellations, closures, admissions and academic requirements or deadlines, registration information, financial aid, student support services, and other similar matters.

The College will maintain separate text messaging systems, one to communicate exclusively during emergency situations and the other for non-emergency situations.

Authorized College officials and authorized Members of the College departments with access to send messages are responsible to ensure compliance with the following:

1. The College reserves the right to utilize contact information that has been provided by students and personnel to opt-in to the system used for transmitting emergency notifications.
2. Authorized text messaging persons must abide by all other policies regarding content, as well as the following:
 - a. Content is accurate
 - b. Wording is appropriate
 - c. Information within the message is directly related to the personnel and student and/or their studies
 - d. Clearly state the action that the recipient needs to take or how the information impacts the recipient and who to contact for additional information
 - e. Keep messaging to a minimum so that a recipient should continue to regard the text messages as important information
 - f. Messages are sent as timely as reasonably possible

3. Text messaging should not be used as the sole means of communicating a non-emergency message or announcement. The text message should be supplemented by some other means of reasonable communication, such as an email or paper notice.
4. Text messaging must NOT be used for the following:
 - a. Communicating personal or confidential information
 - b. Sending general information to large populations (e.g., "Fall classes start Monday!")
 - c. Personal matters (e.g., items for sale, farewell messages)
 - d. Appeals on behalf of individuals or groups of students (e.g., to attend social, cultural or sporting events, unless the student opted-in for text messages regarding these topics)
 - e. Sending any messages containing date of birth, social security numbers, passwords, credit card numbers, any FERPA-protected data and any other personally identifiable information. These are strictly prohibited.
5. Since a text may not identify the sender (other than by cell number) all messages should be tagged with the appropriate identifier so recipients can immediately recognize who it's from. For example, if an authorized official is sending an initial text message, open with, "Hi Becky, it's Chris Smith from Admissions."
6. All mass text messages must be approved by College Relations prior to being sent.
7. All enrolled students are automatically opted in to receive College text messages. If a student has not enrolled in classes for one year, they will be removed from receiving text communications until the student reapplies to the college and enrolls in courses.

TECHNOLOGY – PLAN FOR COMBATING UNAUTHORIZED DISTRIBUTION OF COPYRIGHTED MATERIALS: COMPLIANCE WITH HIGHER EDUCATION OPPORTUNITY ACT (HEOA) PROVISIONS

Adopted: February 2, 2017

Policy No. 3-238

A. Introduction

The Higher Education Opportunity Act (HEOA) was signed into law on August 14, 2008, and final regulations were issued on October 29, 2009.

Enforcement of the HEOA provisions formally began July 1, 2010, and all colleges and universities are required to make a "good faith effort" to comply.

Several sections of the HEOA address unauthorized file-sharing through campus computing resources. All U.S. colleges and universities must perform the following tasks:

1. Annually disclose to students information describing copyright law and campus policies related to violating copyright law.
2. Write and implement a plan to "effectively combat the unauthorized distribution of copyrighted materials" by users of its computing resources. The plan must include "the use of one or more technology-based deterrents," and this plan must be "periodically reviewed."
3. "Offer alternatives to illegal downloading". Linking to existing lists maintained by relevant organizations and appropriate representative groups is acceptable.

This is the College's "good faith effort" to comply with HEOA.

B. Effectively Combating Copyright Infringement

1. **Informing the community.** The College believes that education is one of the most powerful ways to combat copyright infringement.

Each semester, the College informs students about the laws, policies, and procedures relevant to copyright and infringement of it. This is accomplished through at least one e-mail per semester and an announcement in My.LCCC.edu, the college's portal. Both notices point students to this page and the following resources:

a. "Technology Policy on Responsible Use of College Computing Resources"

Amended during the Fall 2010 semester, this policy applies to all users of the College's computing resources and highlights the seriousness of unauthorized sharing of copyrighted materials through online services and applications, including Peer-to-peer (P2P) networks and client applications. It also identifies how the College responds to violations of the policy. The College will provide a paper copy of this policy on request.

b. "The Rights, Freedoms and Responsibilities of Students"

This document articulates the code of student conduct, identifies copyright infringement as a violation of that code, and establishes the College's conduct administration procedures. The College will provide a paper copy of this document on request.

c. EDUCAUSE's "Legal Sources of Online Content"

URL: <http://www.educause.edu/legalcontent>

This page includes a well-maintained collection of legal alternatives to illegal downloading and file-sharing.

- 2. Technology deterrents.** The College reserves the right to implement technologies to manage computing resources such as disk space, network bandwidth utilization, and print privileges as it sees fit to maintain a cost effective, supportable computing environment or if legally required to do so.

C. Periodic Review of the Plan

The plan and associated materials are reviewed, evaluated, and revised each year, as appropriate.

Assessment criteria are process-based: we assess the plan and materials through comparison to other colleges' plans and through comparison to "best practices" and guidelines suggested by copyright holders.

TEMPORARY IMPAIRMENTS

Adopted: February 2017

Revised: February 7, 2019

Policy No. 2-710

Temporary Impairments

A student may face a situation such as an accident, illness, surgery, or condition related to pregnancy/parenting where the circumstance may cause a temporary impairment that interferes with the student's ability to participate in the academic environment. A temporary impairment is not a disability for purposes of Americans with Disabilities Amendments Act of 2008 ("ADA Amendments Act"). As defined by the ADA Amendments Act a "disability" with respect to an individual is (1) a physical or mental impairment that substantially limits one or more major life activity; (2) a record of such an impairment; or (3) being regarded as having such an impairment. See 42 USCA §12102. A temporary impairment is an impairment that is transitory and minor with an actual or expected duration of no more than six (6) months. Temporary impairments include, but are not limited to, broken limbs, burns, post-surgery recovery, conditions related to pregnancy*, and other similar medical conditions that temporarily impair or influence a student's ability to fully participate in academic activities.

Types of Assistance

The College may provide some assistance to students with temporary limitations based on need and available resources. The type of assistance is determined on a case-by-case basis and is

based on documentation of the student's temporary limitation and what is necessary and reasonable. The college does not provide personal assistance such as transportation, personal/medical care, or the transport of books or other personal items.

Requesting Assistance

To receive consideration, the student must complete and submit the *Request for Assistance Due to Temporary Impairment*. Documentation from the student's treatment provider, describing the temporary limitation must also be submitted with the request. Submit all documents to the Education Support Center, (ESC) located in Science Hall, SH 150 or email them directly to the Associate Dean for Student Learning and Organizational Support, educationalsupportservices@lccc.edu.

Students are strongly encouraged to submit requests as soon as possible, so that assistance can be provided promptly within the semester. All requests will be handled in a timely manner. For more information, call 610-799-1156.

*Through the Policy for the Protection of Pregnant, Nursing and Parenting Students, LCCC complies fully with Title IX of the Education Amendments of 1972 and is committed to full participation of students who are pregnant (or have been pregnant), nursing and parenting, in any part of an educational program, including specific classes as well as extracurricular programs and activities. Please see the complete Policy for the Protection of Pregnant, Nursing, and Parenting Students for more information or contact the Educational Support Center at 610-799-1156. You may also email the Associate Dean for Student Learning and Organizational Support, educationalsupportservices@lccc.edu with questions.

Students may apply to withdraw from courses for medical or mental health reasons. The complete Withdrawal for Medical/Mental Health Reasons policy is [online](#) on the college website, the college portal (under key student documents), or can be obtained from the Office of Registration and Records.

TUITION APPEAL

Adopted: February 2, 2017

Policy No. 4-218

Many times students have issues preventing them from withdrawing and/or attending their classes. These issues may include a death in the family, military deployment, employment changes, etc. The College's current withdrawal policy does not allow for any exceptions, and, often times, students with legitimate reasons for not withdrawing or attending their classes are left with a balance they feel they should not be responsible for. Students in these types of situations often argue that the situation was out of their control so they should not be penalized for something they could not prevent. In instances like this, students will reach out to an employee at the College to explain their situation in the hope that they can get their student account balance adjusted or waived. The current process is not structured for dealing with such issues, and, furthermore, there are no criteria upon which to even base a fair decision. The College needs a formal way to handle these matters so that all students who want an account adjustment are treated equally from a list of criteria and reasoning. Also, it should be noted that many times students in these situations want to return to class after their issue is over but cannot because they have a hold on their account preventing them from doing so. This new policy and procedure can actually help the college's enrollment.

A Tuition Appeal Form has been created as well as a Tuition Appeal Committee. Students who express a need for a tuition charge modification will be directed to fill out the Tuition Appeal Form and then hand it into the Business Office. The Director of Student Accounts will collect the forms and on a semi-monthly basis meet with the Tuition Appeals Committee to go over all submissions. A committee

decision will be made for each case then the student will be notified in a letter of that decision. The form will also be available online in the Tuition and Fees and Business Office pages of our LCCC website so that students can print the form themselves, fill it out, and send it into the Business Office.

UNLAWFUL HARASSMENT

Adopted: February 2, 2017

Revised: June 4, 2020

Policy No. 2-612

The College is committed to having an inclusive campus community where all individuals are treated with dignity and respect. It is the policy of the College to maintain an environment free of harassment and free of discrimination against any person because of gender, gender identity, gender expression, sex, race, ethnicity, color, national origin, religion, age, disability, veteran or military status, genetic information, family or marital status, sexual orientation, or membership in any other protected group based on federal, state, or local law. The College will act expeditiously to investigate alleged harassment and to remedy valid allegations.

The College affirms its commitment to ensuring fair and respectful learning and working conditions for its students and employees. Harassment is prohibited based on College policy and Title VII of the Civil Rights Act. Additionally, in accordance with Title IX of the Education Amendments of 1972, the College does not discriminate on the basis of sex in its educational programs and activities.

For resources and reporting information on sexual misconduct, including sexual harassment, please refer to policy 2-610.

Conduct Prohibited by this Policy ("Prohibited Conduct")

Harassment means behavior consisting of physical or verbal conduct that is sufficiently severe or pervasive such that it substantially interferes with an individual's employment, education or access to College programs, activities or opportunities and would detrimentally affect a reasonable person under the same circumstances. Harassment may include, but is not limited to, verbal or physical attacks, stalking, graphic or written statements, threats, or slurs. Retaliation — penalizing, threatening, or retaliating against an individual or group who makes a good - faith report of harassment, as defined by this policy, or who cooperates in the investigation of a claim or is allied to someone who does. As with all other forms of harassment under this policy, retaliation is strictly prohibited.

Examples of inappropriate and potentially harassing behaviors include:

- Posting or distributing explicit or discriminatory materials, including calendars, posters, or cartoons, that others would likely find offensive or do find offensive.
- Using or maintaining sexually explicit or offensive screen savers or other computer files.
- Displaying offensive objects.
- Telling "off color" jokes or joking about someone's age, gender or sexual orientation.

- Repeatedly requesting dates/personal contact despite the other individual's lack of interest; continuing to "flirt" when such behavior is unwelcome.
- Requesting sexual favors.
- Intentionally pressing against another person or other inappropriate touching making derogatory remarks based on someone's gender /sex, race, national or ethnic origin, birthplace or ancestry, color, religion, age, disability, sexual orientation or perceived sexual orientation.
- Sending or forwarding derogatory email messages that reference gender/sex, race, national or ethnic origin, birthplace or ancestry, color, religion, age, disability, sexual orientation or perceived sexual orientation.
- Unwelcome sexual advances, propositions or other sexual comments, such as sexually oriented gestures, innuendos, references to sexual activity, noises, remarks, signs, jokes or comments about a person's dress, body, sexuality, gender identity, or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward.
- Subjecting, or threats of subjecting, an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of that employee's sex.
- Pin-ups, calendars, objects, graffiti, or any sexual or discriminatory displays or publications anywhere in the College's workplace.
- Any conduct that has the effect of unreasonably interfering with an employee's ability to work or creates an intimidating, hostile, or abusive atmosphere.

Inappropriate comments posted about a colleague or student on a social networking site or blog may be considered a violation of this policy. All members of the College community are expected to use good judgment and to interact with each other in a professional manner when using social networking sites.

Prohibited Conduct does not include verbal expressions or written material that is relevant and appropriately related to course subject matter or curriculum, and this policy shall not abridge academic freedom or the College's educational mission. Speech, or other expressions, occurring in an instructional or research context will not be considered to constitute harassment as prohibited by this policy, unless, in addition to satisfying the definition above, it is targeted at a specific person(s) and is either abusive, humiliating, or persists despite reasonable objections by the person(s) targeted by the speech.

Personal Relationships

In order to maintain a safe and respectful learning and working environment, employees and students are expected to interact with each other in a professional manner. Romantic or sexual relationships between College employees and students, as well as supervisors and those they supervise, may negatively affect learning, department performance, and morale; create conflicts of interest; and may lead to claims of sexual harassment or assault, abuse of power, or favoritism. Therefore, romantic or sexual relationships between College employees and students, and between supervisors and those employees they supervise, even when consensual, are discouraged.

Reporting Prohibited Conduct

In situations where personal safety is clearly not at risk, an employee or student who believes he/she has been subjected to Prohibited Conduct is encouraged to clearly communicate to the alleged offender that the behavior is unwelcome. If the individual does not feel comfortable doing so, the procedures described below are to be followed.

While the College strongly encourages the filing of a complaint of Prohibited Conduct as close in time as possible to when alleged conduct occurs, there is no time limitation on the filing of complaints. All complaints will be reviewed and addressed promptly and every effort will be made by the College to preserve the privacy of reports and complaints.

Responding to Allegations of Prohibited Conduct

Managers and Supervisors

Managers and supervisors must deal expeditiously and fairly with allegations of Prohibited Conduct within their departments whether or not there has been a written or formal complaint. They must:

- Take all complaints or concerns of alleged or possible harassment seriously no matter how minor the concern is perceived to be or who is involved.
- Ensure that harassment is immediately reported to HR so that a prompt investigation can occur.
- Take any appropriate action to prevent retaliation or prohibited conduct from recurring during and after any investigations or complaints.
- Managers and supervisors who knowingly allow or tolerate harassment or retaliation, including the failure to immediately report such misconduct to HR, are in violation of this policy and subject to discipline, up to and including termination.

Human Resources

The Director of Human Resources is responsible for:

1. Ensuring that both the individual filing the complaint (hereafter referred to as the "complainant") and the individual against whom a complaint is made are aware of the seriousness of a harassment complaint.
2. Explaining the College's harassment policy and investigation procedures to the complainant and the respondent.
3. Exploring informal means of resolving harassment complaints.
4. Notifying the police if criminal activities are alleged.
5. Arranging for an investigation of the alleged harassment and the preparation of a written report.
6. Submitting a written report summarizing the results of the investigation and making recommendations to designated company officials.
7. Notifying the complainant and individual against whom a complaint is made of the corrective actions to be taken, if any, and administering those actions.

Discipline

Employees who violate this policy are subject to appropriate discipline, up to and including immediate termination, which will be imposed in accordance with applicable College policies. Where the Administration reasonably believes that a student's physical, emotional, or psychological safety is at risk, an employee who violates this policy may be immediately removed from the College facilities.

Disciplinary sanctions for student violations of this policy will be imposed in accordance with the Code of Student Conduct. Sanctions may range from a warning, loss of privileges, to possible suspension or expulsion. The College reserves the right to impose other sanctions in addition to those listed above in response to a specific circumstance of a case.

Third parties who violate this policy can be subject to actions that limit or terminate their access to and/or involvement with the College and College programs and property.

Confidentiality

If a complainant does not wish to have their name shared, does not wish for an investigation to take place, or does not want formal resolution to be pursued, the complainant may make such a request. The request will be evaluated by the College while considering the duty to ensure the safety of the campus and compliance with federal law. The College will make its best effort to honor the complainant's wishes. However, in cases indicating a pattern, predation, threat, weapons and/or violence, the College will likely not be able to honor a request for confidentiality or honor a request for no action. In cases where complainant requests confidentiality and the circumstances allow the College to honor that request, the College will offer interim support and remedies to the complainant, but will not otherwise pursue formal action.

Other Available Procedures

November 3, 2022

Policy No. 2-308

The use of the facilities of the College by students, faculty, staff, sponsor school districts, and third parties is welcomed and encouraged. In order to provide for the maximum use of the facilities, the safety of participants, and the protection of the College facilities and equipment, certain procedures and regulations have been developed and are herein stated. Use of College facilities is based upon availability. College facilities will be made available to third parties, within the parameters of this policy, provided such use does not interfere with the educational, extracurricular, or other programs of the College.

General Rules/Regulations

The President or his/her designee will designate a person for each event who must be on duty at all times for all student, faculty, staff, sponsor school district and third party events occurring outside normal operating hours while the College is not in session. This person shall also be

responsible for opening the facility prior to its being used, shall maintain College regulations during the event, and shall close and secure the facility at the conclusion. Participants in the event are expected to comply with the instruction of such designated person in upholding regulations of the College.

A security officer must be on duty for any and all uses, pursuant to this policy. The costs for this service will be borne by the College, provided no admission fee is charged for the event and the event is held during normal operating hours. If an admission fee is charged or the event is not held during regular operating hours, then the costs shall be borne by the sponsors of the event. The costs for the security officer will be based on the security officer's regular rate of pay.

For student activities held in College facilities or other buildings or locations during normal school hours, a professional staff member shall be in attendance.

Requests to hold events in which an admission is charged are permitted if the event is sponsored by the College or its Foundation. Other requests for charging admission from groups such as a club, department, sponsor school district or third party will be reviewed by the President's Cabinet. The review will be based on objective, viewpoint neutral criteria that will be developed by the President/designee and provided, in writing, to any requestor.

No event privately sponsored by a College employee will be permitted on College facilities for which an admissions charge will be made.

All events are expected to be conducted in an orderly manner and are not to be of such a nature as to incite others to disorder.

The facilities shall not be used for a purpose that is unlawful.

Gambling, the use of alcoholic beverages without authorization, the illegal use of controlled substances, and the unauthorized possession or use of lethal weapons in the buildings or on the grounds are absolutely prohibited.

The College facilities are a smoke-free and tobacco-free facility.

Signs advertising a particular event or activity that will be occurring on College facilities may be placed on appropriate College bulletin boards or display areas, provided approval has been granted in writing from the Director of Student Life. The Director of Student Life, when reviewing requests to post signs, will decide whether a sign may be posted, based on the following criteria:

1. No sign may be posted that contains lewd, vulgar, or obscene language or images.
2. No sign may be posted that has created a disruption or is likely to create a disruption to the educational program.
3. No sign may be posted that conveys support for tobacco, drugs, or alcohol.
4. All signs must explicitly state that the event is not sponsored by the College.
5. All signs must conform to reasonable time, place, and manner restrictions.

The College and persons using College facilities will not discriminate on the basis of race, color, sex, pregnancy, religion, ancestry, national origin, age (over 40 years old), disabilities, genetics, veteran status, or sexual orientation, or any other legally protected characteristic, in its educational programs, activities, admissions, or employment practices as required by applicable laws and regulations and use of College facilities. For information regarding civil rights or grievance procedures or for information regarding services, activities, and facilities that are accessible to and useable by persons with disabilities, contact the Office of Human Resources. Students may contact the Office of Disability Support Services.

All use of College facilities shall be automatically cancelled when the College is closed due to inclement weather or other emergency conditions.

For student events involving the sale of tickets or the exchange of money including the payment of royalty or other special fees or when a contract is to be entered into by the group or organization or the College, prior approval must be obtained from the Dean of Academic

Support and Student Success. The event sponsor shall provide clear evidence that proper accounting procedures will be followed and that College regulations will be upheld by signing and following procedures as delineated on the appropriate Use of Facilities Request form.

For faculty and staff-sponsored events involving the sale of tickets or the exchange of money, including the payment of royalty or other special fees or when a contract is to be entered into by the group or organization which in any way obligates the group or the College, the event sponsor shall provide clear evidence that proper accounting procedures will be followed and that the appropriate College regulations will be upheld.

There shall be a rental charge for the use of College facilities by students, faculty, staff, or sponsor school district or third parties for personal use.

The use of the College facilities by students, faculty, staff, sponsor school districts or third parties shall not be allowed to restrict or limit the normal instructional program carried on by the College. Further, the use of any College equipment shall be subject to availability and prior approval of the Special Events Office.

VIDEO SURVEILLANCE

Adopted: May 3, 2018

Policy No. 2-614

The purpose of this policy is to outline guidelines for the authorized use of security cameras on LCCC's campuses to balance the safety and security of the LCCC community, while respecting and preserving individual privacy.

Video Surveillance System

A video installation with the capacity to view or record College owned or controlled spaces, when used for the purposes set forth in this policy. The video surveillance system shall not be used to intercept or record sound.

General

Video surveillance systems shall be used in a professional, ethical and legal manner in accordance with this and other relevant College policies, as well as any federal and state laws, with due regard for reasonable expectations of individual privacy.

The Director of Facilities Management, Operations and Public Safety shall oversee the College's operation of video surveillance systems to ensure compliance with this policy.

LCCC reserves the right to conduct video surveillance on any portion of its premises at any time. Video cameras shall not be positioned in areas where individuals have a legal right to expect privacy, including, but not limited to restrooms, showers, locker rooms, and/or non-public spaces dedicated to health and counselling services.

This policy is not intended to conflict with the use of video recording for purposes unrelated to campus security, including the use of student recording devices in the classroom (see Policy No. 4-127 and Policy No. 4-217), the use of personal web cameras connected to personal computers, or the use of video equipment for academic, media, or operational purposes.

Placement of Permanent Video Surveillance Systems

Locations for cameras shall be selected by the Director of Facilities Management, Operations and Public Safety, in consultation with the appropriate Vice President. The Director of Facilities Management, Operations and Public Safety shall maintain a listing of all camera locations.

Special Investigatory Video Surveillance Systems

In response to specific safety concerns, the Director of Facilities Management, Operations and Public Safety, in consultation with the appropriate Vice President, may install cameras on a temporary basis or in the event of an emergency. Temporary installations shall be removed by the date specified by the Director of Facilities Management, Operations and Public Safety.

Protection of Information and Disclosure

Recorded surveillance images obtained pursuant to this policy shall be stored in a secure location and configured to prevent their unauthorized access, modification, duplication, or destruction. Only authorized persons, as determined by either the Director of Facilities Management, Operations and Public Safety or the appropriate Vice President, will be permitted to access cameras or recorded images governed by this policy.

Unauthorized tampering with or disabling of video surveillance systems and/or related equipment and/or images will subject (i) an employee to discipline, up to and including termination, in accordance with College employment policies, (ii) a student or students to discipline in accordance with the Student policies and (iii) all others to prosecution under applicable laws.

Use and disclosure of video surveillance by the College shall at all times comply with federal and state laws and College policy covering matters such as wiretapping/electronic surveillance and the privacy and disclosure of student records, such as the Pennsylvania Wiretapping and Electronic Surveillance Control Act, Family Educational Rights and Privacy Act (FERPA), Policy No. 2-708 (Student Records), and Policy No. 3-236 (Technology – Institutional Data Security).

Monitoring of Cameras

Neither the installation of video surveillance cameras nor this policy constitutes an undertaking by the College to provide continuous live monitoring of all locations visible through such cameras. At the discretion of the College, cameras may be monitored in “real time” when safety or security concerns, event monitoring, ongoing investigations, alarms or other situations warrant such monitoring.

Public Awareness of Cameras

The public shall be made aware of the existence of cameras by signage at select locations on College campuses.

WHISTLEBLOWER

Adopted: May 2, 2019

Policy No. 2-512

All LCCC employees or students are encouraged to report any and all observations or evidence of waste or wrongdoing at LCCC. LCCC is committed to maintaining a non-retaliatory environment for employees or students who make good faith reports of waste or wrongdoing. To that end, LCCC has established a reporting procedure to promote good faith reporting, maintain an orderly and efficient investigation process, and prohibit retaliation against persons making good faith reports of waste or wrongdoing.

Definitions

1. **Good faith** report is defined as a report of “waste” or “wrongdoing” that is made based on a reasonable belief that there is waste or wrongdoing as determined as part of the investigation. A report that is deemed baseless or made for personal gain or with malice will not be considered a “good faith report”.
2. **Waste** is defined as an action or a failure to act that results in substantial abuse, misuse or destruction of property, or loss of federal, state or local funding or resources.
3. **Whistleblower** is defined as an employee or student who observes or has evidence of waste or wrongdoing and makes a good faith report of the wrongdoing or waste.
4. **Wrongdoing** is defined as a non-technical or non-minimal violation of a federal or state law or regulation, local government ordinance or regulation, or code of conduct or ethics desired to protect the interest of the public or of LCCC.

Reporting Procedure

First Level: LCCC Director of Human Resources

Employees or students who reasonably believe that they observed or have evidence of waste or wrongdoing should promptly report their concern to the LCCC Director of Human Resources, unless they have reason to believe that the Director of Human Resources was involved in the waste or wrongdoing or do not feel comfortable reporting to the Director of Human Resources.

Second Level: LCCC Supervisor

If employees or students have a reason not to make their report to the Director of Human Resources or if the Director of Human Resources is not responsive to the report, they should direct their report to the employees direct supervisor or the student's dean, as applicable, unless they have reason to believe that their direct supervisor or dean is involved in the waste or wrongdoing or do not feel comfortable reporting to their direct supervisor or dean, as applicable. Under these circumstances or when the direct supervisor or dean is not responsive to the report, the employee or student should report to any supervisor or dean, as applicable, who they feel comfortable reporting to.

Third Level: LCCC President

In the event that the Whistleblower has a reason not to make their report to an LCCC supervisor or dean, or if they are not receiving a response to their report, they may report to LCCC's President.

Investigation

All reports will be promptly investigated by the College Administration. At the discretion of the Administration, the report may be investigated internally or by a third party. Whistleblower is not responsible to do an investigation.

Whistleblower Protections

- **Confidentiality:** The identity of the whistleblower will not be disclosed without the whistleblower's consent, unless disclosure is unavoidable in the investigation of the alleged violation.
- **Anti-Retaliation:** LCCC will not terminate, threaten, or otherwise discriminate or retaliate against whistleblowers or employees who are requested to participate in an investigation, hearing, or another inquiry or court action based on a report made under this Policy.
- **Retaliatory Harassment:** LCCC will not tolerate the harassment of whistleblowers or any participant in a report made under this Policy by other students, employees, volunteers, or third persons.

Retaliation Reporting

Any whistleblowers who experience harassment, discrimination, or retaliation, as set forth under this Policy, should immediately follow the reporting procedure set forth above.

WITHDRAWAL FOR MEDICAL/MENTAL HEALTH REASONS

Adopted: February 2, 2017

Revised: November 3, 2022

Policy No. 4-224

LCCC students may apply to withdraw from courses for medical or mental health reasons. Failure to officially withdraw may result in the recording of failing grades. Students seeking to withdraw due to medical or mental health reasons must withdraw from all registered courses. There are rare occasions when it is appropriate for students to receive a medical withdrawal for one or two courses (ex. a physical injury that prevents the individual from participating in a course that requires physical activity.) Such exceptions will be considered on an individual basis.

- * Whenever possible, students are encouraged to consider seeking incomplete grades instead of withdrawing and losing the semester's work. Students who wish to pursue this avenue must notify the course instructor to discuss remaining requirements and seek approval. (See **Incomplete Grade policy** at www.lccc.edu/current-students/registrationstudent-records/final-grades).

In order for a Medical or Mental Health Withdrawal Request to be considered for a given semester, all required documents must be completed in full and submitted at any time prior to the start of final examinations week. The documentation required for Withdrawal for Medical or Mental Health Reasons can be obtained from the LCCC website: <https://www.lccc.edu/current-students/student-records-registration/withdrawal-for-medical-mental-health-reasons>.

All approved requests will result in the assignment of "W" grades for each course on the student's academic transcript. There is no fee for this service. Please note that "W" grades will not be assigned if this request process is not completed prior to the start of final examinations week. In such cases, final grades will be assigned by the instructor(s).

Tuition refunds will be distributed as stated in the **College Refund Policy**. There will be no refund for medical or mental health withdrawals requested after the college refund deadlines. (See **College Refund Policy** at <http://www.lccc.edu/current-students/enrollmentregistration/withdrawal-policy-procedures>). If the withdrawal is due to a sudden medical/mental health emergency and the student's account is paid in full, tuition credit (for the up-coming semester) may be considered. Students remain fully responsible for College fees, any outstanding fines and repayment of financial aid as mandated by the Federal Government.

It is important to note that the U.S. Department of Education does not differentiate between a 'Medical or Mental Health Withdrawal' and a regular course withdrawal. If a student who has received financial aid, withdraws from courses (for medical or mental health reasons or not) before completing 60% of the semester, the U.S. Department of Education requires the College financial aid office to re-calculate the student's award based on the student's last date of attendance, to determine what amount of financial aid must be returned to the Federal Government. Under these circumstances, the student will be required to return funds for which they are no longer eligible by the government's regulations. (See **Withdrawal Policy for Students Receiving Financial Aid** at <http://www.lccc.edu/future-students/financial-aid/withdrawal-policy?destination=node%2F1342>).

Students who withdraw due to medical or mental health reasons will be required to satisfy conditions of medical clearance prior to re-entry. Documentation can be found on the LCCC website: <https://www.lccc.edu/current-students/student-records-registration/withdrawal-for-medical-mental-health-reasons>.
