

Articulation Agreement

Lehigh Career and Technical Institute to Lehigh Carbon Community College

Web Design / Web Programming

Eligibility

The student must successfully master the task list outlined for the listed CTE secondary program of study and apply to the listed LCCC Degree program in order to be eligible for articulated transfer credits.

LCTI Program	LCCC Degree	Articulation Credits
Web Design / Web Programming 11.0801	Computer Game and Simulation Development – Digital Arts Track A.A. – 50.0401	6 credits – CIS 105, ART 107
	Computer Game and Simulation Development – Programming Track A.S. – 11.0202	
	Computer-Generated Animation and Digital Arts A.A.S. – 10.0304	
	Computer Specialist – Programming Concentration A.A.S. – 11.0201	6 credits - CIS 105, CIS 141
	Computer Information Systems A.S. – 11.0101	3 credits – CIS 105
	Computer Science A.S. – 11.0101	

Requirements

13. The student must complete the technical program of study with a B average or better. The student will need to request a transcript be sent from the secondary technical school to LCCC.
14. In order to receive credits and have them posted on the college transcript, the student must successfully complete (grade of C or better) a three-credit college-level course at LCCC. Articulated credits will not be used to calculate the student’s grade point average.
15. This articulation agreement and awarding of credit is acceptable for up to three years after the student has graduated from the CTE secondary program. Students who apply for credit after the three-year period must be able to document that they have been employed or are currently working in an area related to their LCTI program.

Apply

- Please Apply to LCCC by completing the [free application](#).
- Contact Genesis Reyes, CTE Transition Coach, to apply for the articulated credits and any additional help with the process: Email: greyes5@lccc.edu
